

Warning Issued To Prevent Boat Accidents At Lake

Coast Guard Commander
Points Out Danger
Of Carelessness

TAHOE CITY—Fred Main of Tahoe City, commander of Tahoe Coast Guard Flotilla 35 today issued a first, and last, stern warning to owners of motor boats operating on Lake Tahoe that henceforth a strict watch is being kept on all craft violating the safety regulations which should, and must be observed by operators at all times.

Since the summer season began there have been numerous complaints by fishermen and vacationists in small boats that fast speed-boats have skirted close along the shoreline, in some cases almost swamping the smaller craft and creating a very hazardous situation. The drivers laughed at the distress of the occupants of the small boats and sailed gaily away without making any offer of help, or waiting to see if anyone were injured. Main became especially incensed on Monday evening, when a local man came in to tell him of the accident which almost happened to him and his family. They were fishing from a small boat near the shoreline when a speeding maniac approached so closely that 300 feet of his line was cutoff by the prankster and lost, and the water which poured into the small craft almost sank it. A small baby was among the passengers, and the tale could have ended tragically.

Main declares that should more of these incidents occur the violators will be arrested by the Coast Guard, issued citations and fined heavily. Lake Tahoe waters, he insists, must be kept safe for all who want to use and enjoy them. Some of the past offenders are believed to belong to the teen-agers "showing-off" in fast speedsters, without thought of the danger their antics could create.

DRUNKS PAY BIG FINES IN COURT DURING WEEKEND

Drunk drivers and violators of the county's sobriety ordinance contributed \$825 to the county coffers in fines during the past week when they appeared before Judge Fosten Wilson.

W. K. Morero, 34, San Francisco, paid \$275 for drunk driving; Jack E. DeSpan, 42, Visalia, \$250 and Chester Brondell, 40, Sacramento, \$250, while Earl Hutt, 48, Nevada City was fined \$50 for being drunk.

A fourth man, Nelson A. Roth, 41, Los Angeles, charged with drunk driving, was sentenced to 90 days in jail.

Eddie Balsontine, 39, was sentenced to 15 days in jail for defrauding an innkeeper.

MARCIANO-CHARLES FIGHT AT THEATER

Jack Neugebauer, manager of the Donner Theater, announced this week that he has secured the Marciano-Charles fight films which he will display here Tuesday and Wednesday, July 20 and 21.

This should be great news to local fight fans as the bout was one of the best in recent years with Marciano retaining his title by a narrow margin.

Wyethia Club Plans For Annual Silver Tea Here

Discussion of plans for the annual silver tea, country fair and a civic project will be heard during the regular meeting of the Wyethia Club to be held tomorrow evening in the edifice, convening at 8 p.m., according to Mrs. Fred Pedley, president.

A social hour will follow and refreshment hostesses will be Mrs. Ray McCarty and Mrs. Oscar Schumacher.

Picnic Planned For Girl Scouts July 21st

The annual picnic for Girls Scouts, Brownies and their mothers will be held on Wednesday, July 21 at the west end of Donner Lake. Mrs. Fred Pedley announced. Those wishing to attend will meet in front of the Donner Theater at 12:30 and car drivers are asked to see Mrs. Pedley or Mrs. Jack Ellis, shortly prior to the time of departure for the lake. Swimming, visiting and lunch will round out the activities.

Fire On Roof

The Truckee Volunteer Fire Department made fast work of a fire which started in the roof of the James Harris home near the old high school Tuesday afternoon and the loss was minimized. The cause of the fire was not immediately learned, but was believed to have started from a cinder from the chimney.

Truckee Maintains Strong Lead As Traffic Declines

Although traffic over Highway 40 into California was 6419 cars higher for June than May, there was an unaccountable decline of 4194 over June 1953, according to the monthly report from the state department of agriculture.

This same minor decline was noted generally throughout the border stations and was not a local case. Truckee maintained its strong lead as the second highest port of entry for last month with 49,075 cars, 3174 truck and 673 buses. It was exceeded only by Yermo which reported 62,396 cars.

Meyers on Highway 50 reported 15,178 cars, 284 commercial vehicles and 44 buses during the month of June this year. This was slightly less than 300 more than for the month of May and was 138 cars less than during June last year, the report indicated.

Water Safety Program Slated To Start Monday

The water safety program sponsored by the Tahoe-Truckee Unified School District and the American Red Cross for the Lake Tahoe area will begin on Monday, July 19, at the beach behind the stores at Kings Beach.

The bus for beginners will leave Tahona store at 9:15 a.m. and arrive at Kings Beach at 10 a.m. The stops on Monday will include Home-wood Inn, Tahoe Pine Post Office, Sturgis' Store at Tahoe Park, Tahoe Inn (at 9:30 a.m.), Huega's Store at Lake Forest, Fellow's Store at Carnelian Bay, Sandy Beach Store, and Bailey's Garage at Tahoe Vista.

The bus for intermediates and advanced swimmers will leave Tahona store at 10:45 a.m., make the same stops, and arrive at Kings Beach at 11:30 a.m. The life saving class on Monday, Wednesday and Friday will be from 2:30 to 3:45 p.m. If boats are available, there will be a small crafts class from 3:45 to 4:15 p.m. on Monday, Wednesday and Friday. There will be no bus for afternoon classes.

Eastern Star Will Fete Association Officers

The officers of Truckee Chapter No. 116, Order of Eastern Star, will entertain all officers of the Superior California Association on July 20 at the Masonic Temple here.

"Come to the Circus" is the theme of the evening and all members are invited to attend. A good time is promised all.

Film Is Shown Here At Rotary Meeting

A color film titled "500,000 to 1" was offered by Orval Vaughan to the local Rotarians last Monday night at their regular meeting held at Donner Lake Lodge.

The film portrayed the importance of keeping pace with insect world for our survival. The meeting was presided over by Alvah Hooper.

Special tribute was paid to those members who participated in the softball game last Friday evening. The Rotarians defeated the local Lions team by a score of 16 to 11. Visiting Rotarians were Bill Hoffman of Colusa, Hal Mefford of Loyalton, E. H. Manville and Tom Butler of Marysville. Bob Seibold of Truckee was a guest of the club.

DRIVER CITED

Mrs. Sarah Savant, Santa Barbara, was cited for speeding by State Patrolman Carroll Maynard yesterday morning after her car went out of control near the Nevada state line and overturned. The driver and two children escaped.

SOFTBALL GAMES

Morey's Consolidated Softball team from Sacramento Sunday defeated the Truckee Athletic Club's All-Stars 23 to 13 at the local field. Tonight the Truckee team goes to Loyalton for a contest there at 8 p.m.

Fighting Fire At Tahoe Cost U. S. \$12,000; Tools Lost

Forest Service Officials Ask
Return of Shovels,
Equipment

The U. S. Forest Service has set the cost of fighting the recent 60-acre timber fire near Tahoe City at \$12,000, which does not include the loss sustained nor the work of the forest service personnel.

Nelson Stone, assistant forest service ranger here, said that while this high cost was unnecessary, what worries the service at the moment is the fact that more than \$1000 worth of tools were taken during and after the fire, leaving the crews short of sorely needed equipment should another fire occur before replacements can be secured.

Stone urges everyone knowing of the whereabouts of these 15 back pumps, 50 shovels and 67 canteens, to notify him at the Truckee office. Not only were the 50 shovels gone but the forest service has received statements from stores for 100 additional shovels purchased without authority during the fire, Stone said.

The breakdown of the cost by Stone showed \$7000 for salaries of fire fighters, \$4000 for rented equipment and the \$1000 in lost tools.

"We would greatly appreciate any information regarding the lost tools," Stone said. "In event of another major fire, we will be greatly handicapped as requisitions for new equipment are sometimes slow in processing and we are very short at present."

LOCAL ROBBERY SOLVED AS YOUNG MAN IS ARRESTED

RENO—The police are holding Armand Bacon, 18, of Reno, and Don Traversen, 21, of Truckee, as burglary suspects after they were arrested at gunpoint by Lee Calhoun of Reno, who said he saw them breaking into a service station.

Deputy Sheriff Roy Waters today received word from the Reno Police Department to the effect that Traversen, who gave his right name as Webber, had admitted taking part in the shotgun robbery of Charles Thomas at Heller's Union Station here on the night of May 25th.

AUTO IN RIVER STARTS CHP PROBE

Officers of the California Highway Patrol are investigating the discovery of an old-model Chevrolet car in the Truckee River near Boca. Sgt. Ed Freeman said that a passing motorist saw the car and reported to the patrol. Officers learned that two occupants had gone west through the checking station later but did not report the mishap.

The car was recovered from the river Saturday morning and is being held pending completion of the accident.

No one was believed to have been hurt.

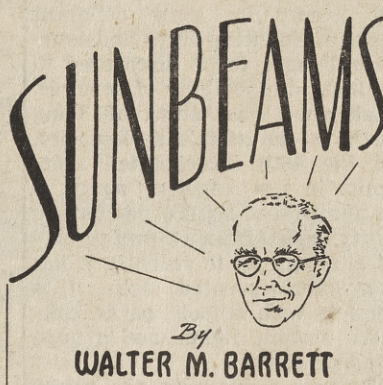

Starting Forest Fire Ends With Fine Here

E. W. Hamman of Brownsville paid \$50 of a \$200 fine imposed by Judge Fosten Wilson Tuesday after Hamman was found guilty of causing a fire near the cemetery while using a cutting torch several days ago. The balance of the fine was suspended and the defendant placed on probation for three years.

Hamman was responsible for a similar fire near the Gateway Garage last summer, and fined at that time.

Meet Delayed

The regular meeting of the governing board of the Tahoe-Truckee Unified School District scheduled for 8 p.m. Tuesday, was postponed due to unavoidable circumstances. The July meeting of the governing board of the district will be held at 9 p.m. on Tuesday, July 20 at the Tahoe-Truckee High School.

It is hard for us to believe that anyone interested sufficiently to fight a forest fire would intentionally walk off with the tool which had been provided for the operation. No doubt there were some who did not know where to turn their tools back to the proper authorities and have kept them pending notification. At least this is the sincere hope of forest service officials here, who report the loss of more than \$1000 worth of shovels, back pumps and canteens following the Tahoe City fire two weeks ago. The officials are urging that these tools be returned since their loss offers a serious handicap in event of another major fire. It is a slow process to fill official requisitions for replacements and officials declare that should a fire start now, they would be in a sorry predicament to provide the necessary tools. Anyone knowing of the whereabouts of any of these missing items is urged to contact the forest service immediately—it may mean the difference between stopping a fire in the beginning and having it out of control.

Chamber Will Employ New Secretary With Aid Of Local District

A committee from the Truckee Chamber of Commerce comprising Reg Smart, Earl Stice and Dr. Oliver Scow, appeared before the directors of the Truckee Public Utility District Tuesday to discuss the matter of the support from the district and employment of the secretary.

In the past Mrs. George Kamp, clerk at the district office, has served as chamber secretary, with the former paying her salary through a purported contribution to the chamber. This has not proven entirely satisfactory to either the chamber or the district, as Mrs. Kamp's work has been primarily with the district and only spare time devoted to chamber activities.

The committee and directors agreed that the setup was not satisfactory and the district agreed to contribute \$50 monthly to the employment of a chamber secretary and thus give Mrs. Kamp full time with the district.

Archery Plans Made As Range Is Provided Here

Anyone interested in archery is asked to contact Cliff Ellis at Cliff's Shell Station for details relative to the formation of a local club. Ellis said the plan has progressed to a point where he and others have secured a location for a range near the forest service headquarters and have ordered sufficient baled hay to provide a back-stop.

Daughter Born

A daughter was born to Mr. and Mrs. M. H. Robinette at the Tahoe Forest Hospital on Saturday, July 10. Upon arrival the little girl weighed eight pounds, three ounces. She is the second daughter in the local family.

Nursing School Will Be Held In Church Here

The executive board of the Community Church met Friday to approve the use of the church basement for the prospective Parent-Nursery School, beginning in September. Rev. Osman and a committee of board members are meeting with the school board to determine the cost of heating the basement and to set forth other requirements by the church.

SON BORN

TAHOE CITY—It was another boy for the William Connors of Tahoe Pines, born at Tahoe Forest Hospital on Monday morning around 5 a.m. He weighed in at a little over five pounds and has been named Edward Michael.

Osburn Chosen Best Citizen In Award By Club

Work With Scouts Gives
Injured Resident
20-30 Plaque

Clarence E. Osburn was voted the outstanding citizen of Truckee for the fiscal year 1953-54 by the Truckee 20-30 Club in a ceremony at the Tahoe Forest Hospital on July 8.

Osburn, Truckee businessman and owner of Osburn's Buick Garage, was awarded the honor for his generosity and efforts toward the Boy Scouts and youth of the community.

A plaque honoring him was presented by Chester Burns, president of Truckee 20-30; Albert Koolhof, treasurer; and Lynn Kisbaugh, secretary.

Osburn has been confined in the Tahoe Forest Hospital with a broken leg received in a recent mishap on a camping and fishing trip with the Boy Scouts into the back country of the Sierra Nevada mountains. He is now at home recuperating.

This is the second annual award of this kind given by the Truckee 20-30 Club. Last year's recipient was Gladys Pedley of Soda Springs.

CHARGES DROPPED IN RAPE CASE AS PLAINTIFF JAILED

Rape charges filed against Joseph Garcia, 21, and Robert Campbell, 24, both of Truckee were dismissed by Judge F. W. Wilson yesterday after a brief preliminary hearing at which the complaining witness, Mrs. Lynn Vering, 30, failed to appear.

This lack of appearance was explained by State of Nevada officers who came for her this week on charges of bigamy and violating her parole. She has been sentenced to serve from one to five years in the Nevada prison.

Garcia and Campbell were held in the Nevada County jail since Friday after Mrs. Vering accused both of criminal attack and threatening her on a ride to Donner Lake.

Driver Hurt In Auto Accident On Summit

Melvin Austin Fulton of Auburn was injured Sunday at 9:30 p.m. when a car which he was driving was struck by one operated by Po Kwong Shew, Jr., 56, Oakland, near Kingsvale.

State Patrolman Carroll Maynard cited Shew following the accident. It was indicated that the latter's car got out of control, went to the wrong side of the highway when it was struck broadside by the Fulton car.

The two were alone in their cars and Fulton's injuries are not believed serious.

Mrs. Maria Gomez, 91, Dies At Tahoe Home

TAHOE CITY—Mrs. Maria Gomez, 91, a resident of Tahoe for the past year, expired there Monday at the home of her daughter, Mrs. B. Hamilton. The Truckee Colonial Mortuary shipped the body to Modesto for funeral services.

Scouts Enjoy Trip

The Donner Girl Scout Troop held its Tuesday meeting outdoors. The girls took their lunch and hiked up Trout Creek, where the new members learned to build a fire, and the whole troop practiced purifying water by boiling, with cloxox, and with tablets. On the way home, the new girls laid a trail which was followed by those remaining. Mrs. Oliver Scow and Mrs. Frank Giovannoni accompanied the group.

Rotary Donates Books To Local Hospital

John McGlade, administrator at the Tahoe Forest Hospital, this week acknowledged with thanks the donation of a shelf of 100 or more cloth-bound books from the Truckee Rotary Club. The presentation was made by Orval Vaughan, the club's secretary.

More Catchable Trout Planted In Local Streams

Fishermen will welcome the news announcement made this week by Charles Osburn, president of the Truckee Outdoor Sportsmen, that another 9600 catchable sized rainbow trout have been planted in the Truckee River.

This total supplements a previous plant of 5200 in the same stream and it is expected that many more similar plants will be made during the coming weeks.

The planting was done by the department of fish and game, assisted by local sportsmen.

Also in the plant made last week were 2400 in Donner Creek, 2000 in Blackwood, 1000 in Squaw Creek, 2000 in Ward Creek and 2000 in Prosser Creek.

Osburn said the trout averaged five to a pound and are in excellent condition. Many of them will run to a foot in length.

From reports of the number of good catches made on the Truckee and surrounding streams during the past several days, the value of the planting program is well exemplified.

Popular Local Couple Marry At Services Held At Lake Tahoe

The outdoor chapel of the Wee Kirk of the Pines at Kings Beach was the lovely setting for the quiet ceremony on Sunday evening, July 11 when Miss Avalon Fisher became the bride of Dr. George Hahn. Rev. A. B. Covher officiated at the wedding rite and the couple were attended by Mr. and Mrs. Conrad Briner of Tahoe City.

Mrs. Hahn chose a gown of gray lace with pink accessories and carried a bouquet of roses. Mrs. Briner was dressed in a suit of white lace and harmonizing accessories, the ensemble being completed with yellow carnations.

Following the nuptials the party had dinner at Lake Tahoe.

Dr. and Mrs. Hahn will make their home at Donner Lake in one of the newly completed cottages owned by Rex Reid.

NEW MANAGERS AT TOURIST LIQUOR

Mr. and Mrs. Harold Bassler have arrived from Sacramento to take over the management of the Tourist Liquor Store, owned by V. Muritori of Fairfield who is also a business visitor here.

J. Mastretti who has been associated with the business for several years plans to return to his home at Fairfield after the new managers have become familiar with the store's merchandise.

SIEBOLD WINNER IN ANNUAL GOLF MEET

The Truckee Lions held their annual Dick Little One Club Golf tournament at Tahoe City yesterday afternoon and in the special handicap the winner was Robert Siebold. Tied for second honors were Dick Little and Eldon Tonini. The dinner meeting and presentation of prizes were held at Home-wood Resort where Earl Stice presided. Next Sunday morning the Lions Softball team will meet the Reno Arch Lions on the local diamond at 11 o'clock and a picnic at Donner Lake will follow.

Hospital Staff Holds Picnic At Donner

Tahoe Forest Hospital personnel, doctors, board members and all of their families enjoyed a picnic at Donner Lake on Thursday evening, July 8. A bountiful meal was served and the group visited around a fire while children played.

Mrs. Jack Miller headed the committee in charge of arrangement for the affair and was assisted by Mesdames Bernice Smith, Janet Franklin, Freda Stinchfield, Madelyn Pettis and Chet Burns.

PLAN PICNIC

The members and their families of Donner Chapter of the CSEA will hold a picnic at Donner Lake Saturday, Orval Vaughan announced.

Nevada Burglar Admits Robbing Thornton Garage

Ex-convict Nabbed As Local
Garage Looted Of
Cash, Checks

Bulletin

Constable N. F. Dolley today received word from the police at Reno advising him that Everett V. Sperry, 27, recently discharged on parole from the Nevada state prison, had been arrested at Sparks and admitted burglarizing Thornton's Garage.

A thief, apparently accomplished in his profession, burglarized Thornton's Garage here sometime Monday night and escaped with \$37 in cash, a check writer and the firm's payroll checks.

A short time later the Bank Club at Reno notified Mel Thornton that one of the checks had been presented there for payment without success and that the police in Reno were on the trail of a suspect recently paroled from the Nevada prison.

Deputy Sheriff Roy Waters said the thief entered the garage office by removing a door stop, and forcing the lock.

A file where the checkbook was kept was forced open and the ancient check writer, no longer used was taken.

Historical Group Will Be Here Sunday For Donner Party Tour

Preparations are being made here for the reception Sunday about 1 p.m. of a delegation from the Nevada County Historical Society, which will visit Donner Monument at that time.

The group will be headed by Robert Paine, wagonmaster for the historical junket which will be devoted to a study of details of the Donner tragedy.

A brief ceremony is expected to be held at the monument and the public may join in the gathering. Bert Wiley, head of the engineering section of the state division of beaches and parks and an authority on the route followed by the ill-fated Donner party, will speak during the tour.

The tour will leave the Nevada County museum in Nevada City at 10 a.m. Several stops will be made en route where members of the society will describe aspects of the Donner tragedy.

Another speaker will be Dr. C. W. Chapman, Nevada City dentist who canvassed the state more than 50 years ago for funds for construction of the Donner Monument. Sven Skaar, historian and writer who has collected considerable information of the Donner party, also will speak.

Robert Luck, Fern Miller Are Married At Reno

Of interest to scores of local friends and acquaintances was the marriage Saturday morning at the Methodist Church in Reno of Robert M. Luck of Truckee and Mrs. Fern W. Miller of Sacramento.

Luck, veteran division of highways leaderman and widely known throughout this area, recently was presented with a state award for completion of 25 years of service.

Mrs. Luck is well known in Sacramento nursing circles and had been employed there for a number of years.

The couple will reside in the Kenneth Foster home on the hill above town, while the Fosters will move into the former Luck home nearby, a trade having been arranged by the two owners.

MYF Officers Named At Community Church

In the Sunday morning worship at the Community Methodist Church Pastor W. Osman will deal with the matter of "Living as Christians in an Unchristian World." Sunday evening at 6:30 the MYF will be engaged in the installation of the newly elected officers for the Fellowship.

The officers are as follows: President, Rosalie Kaspian; vice-president, Dean Holman; secretary, Bert Beiler; treasurer, Irene Englehart; worship and evangelism, Nedra Ray; recreation and refreshments, JoAnn Allen and Dorothea Frey; Christian outreach, Janet Allen and Janice Notley; elected sponsors, Mrs. William Englehart and Eugene Ridsen. Rev. and Mrs. Osman are serving as counselors for the group.

Eye Injured

State Patrolman Martin Sturcke is expected to return to work tomorrow after being treated for a painful eye injury. The officer was struck in the eye by a bit of flying steel while on patrol duty and Dr. George Hahn removed the particle.

AFFAIRS OF STATE
by
Henry C. MacArthur

SACRAMENTO (CNS)—The County Supervisors Association of California, which during two past legislative sessions waged a battle over community services districts, and is constantly promoting the interests of the counties of California, has some nice things to say about the city of Lakewood, Los Angeles County, in a recent publication.

With California growing by leaps and bounds, the taxes increasing all along the line, the comment is interesting in view of the premise that eventually, some different means of financing cities and counties will have to be discovered to eliminate duplications of services. Lakewood, just north of Long Beach, is the state's newest city, and the 46th incorporated community in Los Angeles County. It has upwards of 100,000 population, having started from a "bean patch, but although up to recently it has been unincorporated area, it is complete with schools, parks, sidewalks, sewers, lights, and a huge shopping center.

The new community, the supervisors association points out "contracted for its city services 'whole sale'; it needs only one employee and the people are getting the finest service available anywhere at any cost. They do it through a unique arrangement with Los Angeles County, a large and consistently supplier of government services. The way they do it may well become a pattern for the future."

Pointing out the contractual services the community has from the county of Los Angeles, the association says they are of four basic types.

First, there are the services which are self-financing, such as the poundmaster, building and safety services. The county poundmaster issues all animal licenses and

for fees collected, enforces the ordinances. The county building inspector follows a similar pattern. Second, contracts provides for county assessing and tax collecting services, with charge in accordance with statutory fees.

Third, law enforcement services are provided by the county sheriff, with payment provided from the city's share of fines and bail forfeitures.

Fourth, services provides on an actual cost basis. These include street service by the county road commissioner, where a pro-rata charge is made for each street repair project; health services by the county health officer; jail services by the sheriff on a per prisoner per day basis; ambulance service on a per call basis and fire service from the county-wide fire district.

The charges and amount of the services under the contract as well as the salary of the city's one employee are under the control of the city council.

"These are all the cost for running the city," the association says. "They are low because they have cut the unnecessary corners of duplication, high overhead, and seldom used standby equipment. They are low because they take advantage of the economies of a large county government."

In addition, the schools, libraries, water, garbage, flood control, and sanitation services are provided by established districts, which were not allowed to fall by the wayside when the city incorporated.

The arrangement appears to be one of the few in California which nears the combined city and county government operation, which has been advocated in California for a long time, in view of the obsolescence of duplicate operations performed by most cities, and most counties.

With the increase in California's population, and the premise that most of it will be urban in a few years to come, the arrangement is a progressive step.

The north and south peaks of San Francisco's Twin Peaks are 904 and 910 feet high, respectively.

The Devil's Garden in Modoc National Forest has been designated a natural area to preserve Sierra juniper.

Capt. John B. Montgomery of the Frigate "Portsmouth" raised the American Flag in Portsmouth Plaza, San Francisco, July 9, 1846.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Had a couple of nice visits with Father Boland at Tahoe City last week when he was vacationing at

the lake. Father was in charge of the Truckee-Tahoe Parish three years ago, and is now in the Roseville Parish of the Catholic Church.

Also had a very nice visit with Walter and Mrs. Gerlach from Pasadena. Walter is an old friend of the Carl Bechdolt's and the Char-

risons.

The truck and men of the North Tahoe Fire Control has been having a workout during the past week and now we have a truck from the U. S. Forest Service and a man in charge. It is located by the side of Curly Mason's Garage right next to the location of the local truck. This is a wonderful thing for the whole area. It is hoped this will not be needed, and it will not be if the people themselves will only do their part in protecting their homes and our beautiful forests. One citation was issued to a man for lighting a fire only 100 feet from the location of the truck. A nerve, I'll say, and two others from this area, cigarettes and children with matches, the cause, Warden Roy H. Crotty is the officer in charge.

"The Transforming Face" was the sermon on Sunday morning at the Wee Kirk of the Pines. The open air chapel was used for the first time it was very beautiful to worship in the open air. There is

still a lot more work to be done but a little more help will do it. The Junior choir did the singing and sang that old favorite, "Swing Low Sweet Chariot." It was beautiful. The services will start 15 minutes earlier this Sunday. The Sunday school at 9:45 and the church service at 10:45 will be all through the summer.

Wyman Williams flew back to Pasadena last Sunday after a couple of weeks at Kings Beach with wife Berverley, and his in-laws. He will be back pretty soon.

The Doug Frees are in their new apartment in the Dunes Resort at Tahoe Vista. A very swell apartment it is too, right on the highway.

Had a very nice visit from the daughter of the George Lothrop of Reno. George is a candidate for sheriff of Washoe County, and they have a beautiful home on the golf course at Kings Beach.

Richard T. Heap, Mrs. Heap and young Thomas Heap, are having heaps of fun over the weekend at

the Ray Davis home over from us on the golf course. They are from Reno.

The Ray Davies have completely remodeled a cabin on the front of their lot at Kings Beach. Ray is in the plumbing business in Reno.

Having an awful lot of trouble with bad checks around the area. Not only checks, but some of our business houses, are a whole lot too free, charging groceries, hardware and all other staples, etc. Don't do it. There are so many nice people around, you think, that are here today and gone tomorrow. True. Some go to jail, but that does not help you get your money, so be more careful. This is going to be, and already is, a bad year for you people to get stung. Maybe you wouldn't believe it, but a dozen a week are being cleared out of the area, just bums, undesirables—so be on your toes. Enforcement of officers do their best but there is a limit.

The Sorensens of Tahoe Vista had a long distance call from son, Roy, who, as most of us know, is in the Navy Air Corps in Florida, and by all accounts the humidity there is terrific. Ray has gained weight and is feeling fine. He sees Bill Miedema once in a while, who by the way, called his mother last week on the occasion of her birthday. We hear Bill's baby girl is growing so fast and he can't wait to bring her up to Tahoe to show her off.

Ray Barton was up fixing his house up and what a surprise to hear his Dad Fred Barton is a daddy again and another girl at that. Two girls now.

Oh, yes, another one of our boys from Kings Beach, or was at Kings Beach a year or so ago, Paul Shonkwiller, is in Florida in the service. Paul was only a bit of a kid the last time I saw him. Time marches on.

Other visitors at the Sorensen home was Mark and Mrs. Pluth and son from Napa, old friends of the family.

Dee Siple says they had some very good friends visiting them over the weekend by the name of Mr. and Mrs. Herbert Beckman from Los Angeles. Just dropped by for a deep breath of fresh air, says they.

Dr. Charles S. Young is expected up shortly. Galen, his son, is attending summer school, so will not spend so much time up here as usual.

Mr. and Mrs. Sherman, who came from Bererly Mills and bought the Wirsch home at Agate Bay. Have made vast improvements at the home, making a driveway clear around the front. Ava Gardner is their daily caller.

I guess we shall all be very glad when the sewer line is laid on the Brockway hill. That continual waiting kinda gets your goat, especially when you are afraid you might miss a bingo game at Joby's.

COURT NEWS
A little argument over parking space can some times get out of hand. In Tahoe City a few days ago such a thing happened, when in the midst of an argument, a woman, 27 years of age jumped out of her car and kicked a man in the groin, injuring him severely.

Dr. C. B. Pederson of Tahoe City said that he was not sure, how serious the injury was. Arraignment of Miss Phylis Audrey Roberts of San Diego was held at the bedside of the plaintiff. The woman was finally found guilty, and was \$200 or 100 days in jail. The fine was paid. The plaintiff, Glen Coberly, said he intends to bring suit.

A warrant is out for William D. Valentine (W. D. Hall) for non-support of a minor child. Valentine is said to be in Palo Alto.

Edward C. Orkfrist was hauled into court for burning without a permit. A fine of \$25 was the penalty.

Samuel Stephenson, a man working on the sewer construction, was in court for assault and battery on Howard W. Mason of Kings Beach. He was sent to jail for 30 days and ordered to stay out of the area, with the penalty of serving another 30 days.

John Cunningham was in for burning without a permit at Home-

wood and was fined \$25.

Lloyd Chauncy Everhart was fined \$25 for being drunk on property other than his own. He was

also ordered to leave the area and placed on probation for a year.

GENERAL COMMENTS

It is our suggestion that the Board of Directors consider the feasibility of an increase in water rates to meet increasing costs of operations, and anticipated improvements which may be necessary in the near future.

New RPM 10-30 Special motor oil can save up to 3/4 gallon of gas in every 5 gallons you buy

Now, a motor oil so superior it serves all cars, old or new, in all seasons, all climates! RPM 10-30 Special Motor Oil can boost gas mileage up to 15% in stop-and-go driving; gives easier, battery-saving starts; can cut oil consumption as much as 33% in many cars; tops for hydraulic valve lubrication; designed for both older and new cars; gives stepped-up power; provides money-saving motor protection; covers all car manufacturers' motor oil recommendations. Try new RPM 10-30 Special Motor Oil today!

SWANEE'S Lake Tahoe Letter

Tahoe City, July 11

Dear Tahoeites:

It's Sunday again, and the most exciting news of the weekend is the surprise wedding of the former Mrs. F. W. Gorham (ex-wife of Dr. Gorham) and Kjell (Rusty) Rustad, who operates Granlibakken skiing area. The couple slipped away to Carson City on Friday last and were married. Have tried to contact them for the details, but they are reported honeymooning for a

few days and not yet "at home." Only a few intimate friends knew of the wedding, news of which leaked out the next day.

Good news for the town comes in the report (which was confirmed tonight by me) that the sewer connection for the Tahoe City Washerette actually was completed (after weeks of promises) on Thursday, July 8, and now all 14 automatic washers can swing into full use. The first connection to be made in town, it is believed now that work will progress steadily and before too much longer the townfolk will be enjoying full facilities. The Washerette has had to turn away dozens of customers because of limited use since open-

ing, but from now will operate to full capacity.

The Ivan Wilsons of Lake Forest had a surprise telephone call Saturday of last week from Mrs. Wilson's brother, Paul Critchett of Chicago, who phoned to congratulate Miss Carol Wilson on graduating from Tahoe-Truckee Unified High School in Truckee and wanting to know what she would like for a gift. Carol modestly volunteered a desire for a traveling-iron, which she is getting.

Mr. and Mrs. Al Ross and son Don of Oakland have just returned home following a two-weeks vacation at the family summer home in Lake Forest. Other relatives are now enjoying visits here. Mr. and

Mrs. Arvid Norman and Mr. and Mrs. Robert Palmer and Jack Falvey, all of San Francisco, were recent houseguests at the Lewis Marsten's lakeshore home in Sunnyside. Mr. and Mrs. Paul Webb of Tahoe Park entertained last week Mr. and Mrs. Stanley Hearst and daughter Roberta of San Francisco.

In for the summer at their beautiful lakeshore summer estate near Meeks' Bay are the Sidney Ehrmans of San Francisco. Don Ham and bride were visitors at Tahoe over the recent holidays. Bob Dockham, son of former Tahoeites, the Leon Dockhams of the Tahoe Fish Hatchery, was also at Tahoe over the Fourth looking up old friends in the area. He is now second lieutenant in the army and has one more semester at University of California to finish in engineering.

Mr. and Mrs. Lincoln Dempsey and son Pat, of Lake Forest, Esther Harris of Truckee and Cecil Dempsey, former Tahoe City resident now of Los Angeles, enjoyed a three-day camping and fishing trip over the 3rd, 4th and 5th of July at the Tallant Lakes, high above Tahoe. Weather was grand and the group took along sleeping bags. They drove as far as possible in their car and hiked the remaining three miles to make camp at the site cleared by the Forest Service which also provides outdoor camp stoves. They found a little snow still lingering in the vicinity of Cliff Lake, but none at Tallants. Everyone had good luck fishing, but six-year-old Pat Dempsey was champion getting nine nice trout,

the longest of which was around 13 inches. Mr. and Mrs. Jess Lewis of Manchester, Okla., are guests at the Jake Stuart home in Lake Forest where they plan to remain for a month. Mrs. Lewis is a sister of Mrs. Stuart.

The new Tahoe City ambulance was given a run on Friday afternoon around 4 p.m. when it was called down the Truckee river to a spot near Dr. Dingwall's Veterinary Hospital where Mr. and Mrs. W. Crawford of Sacramento had been enjoying a bit of fishing. Mr. Crawford in some manner threw his leg out of joint either while wading the river, or climbing out onto the bank, and had to call for help. Jay Shontz and Basil Kehoe manned the ambulance, and with the help of Bill Edge of Lakeside Propane Company nearby, carried the stricken man to the vehicle, after which he was taken to Tahoe Forest Hospital in Truckee for treatment.

Here for a two weeks' vacation from their home in Oakland are Mr. and Mrs. Charles Haine and son Scotty who are guests at the home of her parents, Mr. and Mrs. Bert Scott of Miramar Heights.

In for the month of July, as is their annual custom, are Mr. and Mrs. Albert Stevenson, daughter Ethel Severson and her son Corky, all from Long Beach. They have rented the large Sears residence on the lakeshore at the Sunnyside Lodge resort. Corky, who is just seven and a half (and in the fourth grade at Long Beach's Lowell School) is fast becoming quite a golfer for a very young man. He went around the Tahoe City Golf

LARGE ATTENDANCE AT TAHOE CHURCH; ROAD BEING BUILT

TAHOE CITY—Bishop Noel Porter of the Tahoe Outdoor Chapel of the Pines reports that 400, and more, persons have attended Sunday morning services at 11 a.m. for the past two Sundays.

Working now upon the new road

Course last Saturday with his granddad in 64 and on Tuesday improved his score for the nine holes to 61. At home, where he has been accustomed to playing for some time, he makes nine holes in the 40's, 45, 47 and the like. His elders are predicting he may become one of the nation's top-ranking players if his interest in golf continues. Friends from Long Beach who are guests at Schluter's Cottages, and visitors at the Stevenson home frequently, are Mr. and Mrs. Robert Firth, here for two weeks, and at Sunnyside Lodge. Other old friends who are vacationing are Mr. and Mrs. Herb Reed of San Marino.

Ring off for the week with a hope that this wonderful weather will continue. Crowds continue to pour into the lake area and business appears lively. Cheerio and best wishes. As ever,

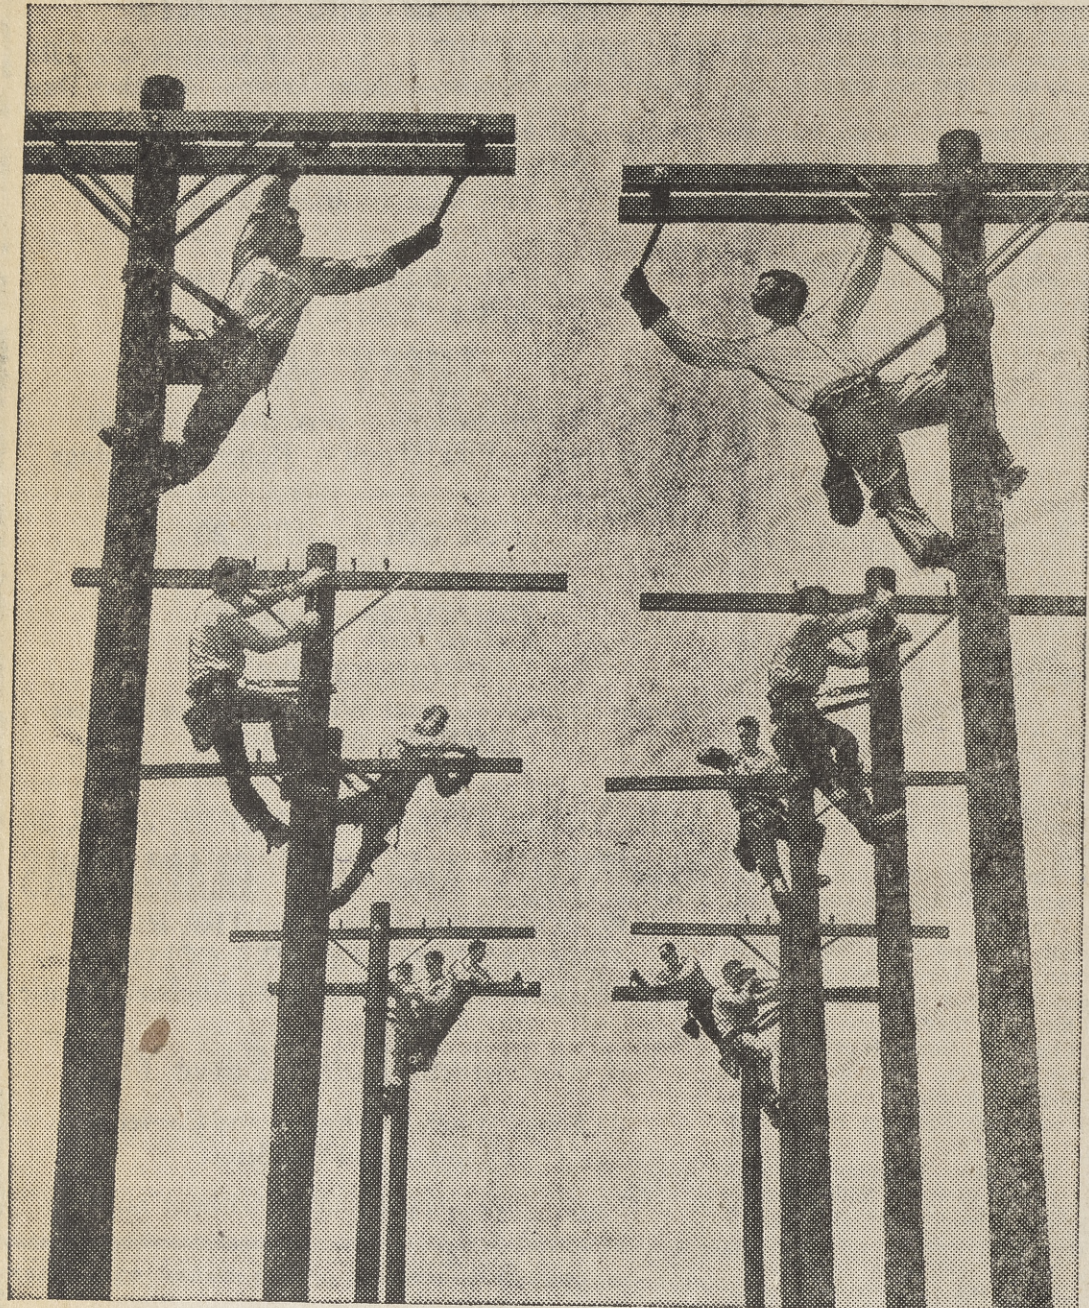

SWANEE

being run through the recently acquired 50 feet of property, north of the church, given the chapel by Frank J. Edoff of Piedmont, is the bulldozer of R. S. V. Thomas of Tahoe City. Following the first good rain it will then be graveled and sanded and completed. It runs through the property to connect where at present 100 cars can be accommodated. More room for cars with the parking area in the rear is being made available.

Bishop Porter was greatly touched, and pleased, with the recent decision of the youngsters who attended the annual youth encampments on the church property when they voted to name the grounds, Camp Noel Porter, an affectionate gesture honoring the good bishop. The first group of 64 high school students, all from various areas of Northern California, arrived to start their 10-day camp today, Sunday, July 11, some coming from as far as Eureka. Two other groups will follow these, each enjoying a 10-day stay, the groups to number at least 50 children.

The bishop's wife, Mrs. Noel Porter, is recuperating nicely at the family home in Sacramento where she underwent an operation in the recent past.

Mr. and Mrs. John Neronde of Sacramento are spending the summer in their Tahoe City home.

Classroom in the sky. You might not guess it, but these men are in school. They're learning how to climb telephone poles safely and to string lines that will carry your calls. This course is just one of the many given in telephone schools up and down the Coast. Others, for example, train operators, business office people, installers. Such training gives telephone people the skills they need to do their jobs faster, better, cheaper . . . and more safely, too. Thus, they're better able to bring you good telephone service that's low in price. Pacific Telephone works to make your telephone a bigger value every day.

LAST RITES HELD FOR MRS. ESTER HOERDLER IN SOUTH

TAHOE CITY—Funeral services were held July 7 in Covina for Mrs. Esther Louella Hoerdler, 55, who had been a summer resident of Tahoe City for nearly 30 years. Mrs. Hoerdler, who had been ill for five months, died at her home in Covina July 5. Her Tahoe home is in Bettincourt Tract.

Born in Sedan, Kan., she came to California in 1906 living in Cucamonga and Azusa before coming to Covina. She and her husband, Ernest, who survives her operated a restaurant in Tahoe City for 12 years. At present Hoerdler is a barber there. Until illness prevented her making the trip this summer, Mrs. Hoerdler had worked at Hunts, during the summer months.

For the past 17 years she was a second grade teacher at the Humphrey's Avenue School in Los Angeles. Her tireless devotion to the primary children of this district, her work with their families, and activity in PTA this year won her a coveted PTA Life Membership pin.

Mrs. Hoerdler was a member of the First Presbyterian Church of Covina where she had taught in the primary Sunday school department for many years. She also belonged to Covina Women's Club, Business and Professional Women's Club, D.A.R. and Eastern Star.

Besides her husband, Ernest, she Greene, son of Mr. and Mrs. Harold Greene of Auburn. The groom's sister, Mrs. E. Petty of Los Angeles, acted as matron of honor, and James W. Hendrix of Los Angeles was best man. Mrs. Harold Greene, mother of the groom, was organist for the occasion. Following a wedding breakfast at Tahoe the pair departed for a honeymoon, destination unknown.

BUILDING CODE IS DISCUSSED DURING MEET AT TAHOE

TAHOE CITY—Approximately 90 persons attended the special meeting called on Wednesday morning, July 7, at 10 a.m. in Tahoe Community Hall, Tahoe City. Present to discuss the topic of the day, a move to secure a building code for the Lake Tahoe area of Placer County, which to date, is completely without one, were Supervisors Andy Anderson of Forest Hill, representing this district, and Paoli and Paolini, Placer County District Attorney Al Broyer, and Placer County Building Inspector Robert Watson.

At present, and for the past years as well, the new home builder pays a fee for inspection which he never receives. Since no code was ever adopted for this region, Watson cannot inspect new buildings—one man could not possibly inspect all the new edifices being erected in Watson's district, it being agreed that it would require one man alone to take care of the Lake Tahoe area of Placer County. A request which is being made by most local builders who are anxious to see that new home-owners receive a first class job. It is no secret that a number of houses at the lake went down under the weight of heavy winter snows because of faulty framing, and many have faulty plumbing and wiring.

Said Charles Warner, prominent Tahoe City contractor: "I believe there should be a code adopted for this area. We have tried for years, without success, to secure one, and today with increased building, there is a crying need for inspection. Let's hope they don't wait for some building to catch on fire because of faulty wiring and burn down half of the forest, before a code is hurried through for this region."

Said Bob Tonini, manager for the Sierra Pacific Power Company at Tahoe City:

"I accompanied the state building inspector recently when he visited some 25 homes in the Placer County region of Tahoe and it was found that the greatest percentage of them were either improperly framed, plumbed or wired. The power company is wholeheartedly in favor of a building inspector, and a building code, for this area and will assist in every way to secure them. Many of the old homes built in early days violate all of the legal regulations, and in many instances today the power company will refuse to hook up to a house with illegal service entrances, insufficient roof clearance and similar violations. We hope to see a building code go through soon which will protect the home owner and lessen the danger of fires at the lake."

A long four-page set of proposed amendments to the building code, intended to apply specifically to the Lake Tahoe Placer County area was presented to the supervisors, and after being inspected by District Attorney Broyer and the group, was rejected as unsuitable, since no special code could be provided for Tahoe alone, but must conform with the needs of all of the unincorporated areas of Placer County. Broyer advised the local builders, and those others in-

leaves her father, Ervin E. Austin of Covina, two daughters, Mrs. Stanley C. Geddes and Marie Ann Hoerdler of Covina. Also surviving are her sister, Miss Grace B. Austin of Covina and three brothers, Allen Austin, Whittier; Ward H. Austin, Larkspur; and Merrill Austin, Eureka. Four grandchildren are Peter, Kathy, David and Karen Geddes.

The Rev. Vickrey Dougherty conducted funeral services at Covina First Methodist Church with Mrs. Annette Lyford singing the Twenty-third Psalm. Burial was at Oakdale cemetery. In lieu of flowers and other remembrances Mrs. Hoerdler's family requested that contribution in her name be made to the American Cancer Society, 4303 Glendora avenue, Covina.

—and only a few dollars more
than the low-price cars!

HAVE you been thinking you can't afford a new Buick? Listen:

If you can afford any new car, you can afford a Buick — and a look at the figure on the price tag proves it.

Look again, and you'll see that this is the local delivered price of the new Buick SPECIAL 2-door, 6-passenger Sedan. Compare, and you'll learn that this price is just a few dollars away from those of the so-called "low-price three."

But — dig a little deeper if you want the real clincher. That's when you find that those few dollars more you pay for a Buick buy you a lot more automobile.

They buy a whale of a lot more power — Buick V8 power — plus the new economy of Power-Head combustion.

They buy a lot more luxury and comfort and solidity — more room, more glass area, more frame strength, more tread width, more ride steadiness — including the million dollar "feel" of all-coil springing and torque-tube stability.

They buy, too, the most advanced styling of the time, and the great panoramic windshield, and the surety that such fresh-

This New Buick SPECIAL V8

Highway 40

Truckee, Calif

SUMMIT SCENE

by FRAN COUILLARD

Last Sunday was a gala day for spectators as well as sportsmen. We started our day in the upper meadow that caresses the blue, lapping waters of Lake Van Norden, our grandstand seat a fallen monarch of the woods. Occasion? Northern

California Retriever Trial Club Derby. Our entertainers bore such colorful names as Sparkle of Madosa, Manzanal Flame, Ebony, Backwood Goldielocks, Manzanal Kindie, Top Secret of Madosa, Del Tone Chor, Bracken's Flash, Jupiter's Golden Comet, Lake Como's Beckwood Golden Rocket, Kings River Tembo, Black Bimbo of Willow Creek—and we could fill the

rest of our column with such intriguing nomenclature.

Showers, handlers, trainers and owners with whistle dangling from a cord hung around their respective necks proudly led their Labradors, Golden Retrievers, Setters, Springer and Chesapeake, to the waters edge. A shot to the left of us, a tethered duck thrown into the water, a shot from the right of us, another duck launched, a shot from a little emerald isle in the reeds and the third duck was planted. The retriever excitedly watched the preliminary proceedings, his tail never ceased wagging, even after his master's first order to "sit." What the command to "go" was we couldn't hear but after the third shot the animal would look up pleadingly into his master's face waiting for that magic word. Then the word; then the amazing and wonderful performance that only a trained animal can give to delight the spectator with awe and wonderment. When the three honking ducks were gently and unruffled "handed" into their master's hand the retriever on command to "heel" proudly walked back to his car—or traveling kennel and awaited his next entrance on a stage whose props were designed by nature, against a background of inconceivable beauty. Mabel Samuelson of Santa Rosa, H. C. Potter of Los Angeles, M. Beliveau from Sonoma (trainer), Mrs. M. W. Back from Reno, Commander Graham of Atherton, Don Smith of Bishop, Weldon Kline of Medford, Ore., John Gow of Modesto, Mr. and Mrs. A. A. (Pete) Jones from down Peninsula way, and many others acclaimed the upper meadow of Lake Van Norden, one of the finest "testing" grounds they have enjoyed and expressed their desire to return next year with a bigger and better "show."

Slim, trim English born Mrs. Pete Jones (whom we have known for years) was the only woman whom we witnessed handling her own dog—an eager shiny black labrador named "Peg." Incidentally we learned, on our first occasion as a spectator for this type of sporting event, that owners are not allowed to touch their eager animals during their performance. When the last duck was retrieved, however, and the act had drawn to a close, each pet was given a thorough patting, about the event so that our readers

Members of the Trial Club requested that I use this means of sincerely expressing their thanks to the lodge owners of Highway 40 in the Donner area who made their stay such an enjoyable one. They especially were grateful to Soda Springs' Jim Sherritt whose property extends to the upper end of Lake Van Norden—and whose permission was needed for the meet. Jim's enthusiasm for the event is

an adequate assurance that the Northern California Retriever Derby is practically set for next year.

We wish that we had known more about the event so that our reader's could have shared the wonderful show with us. Next year we'll give you adequate notice and the sportsmen of our area can watch a performance that time will never erase in their minds.

After the dog trails we cranked up our jalopy and poked our way down the grade to Donner Lake and the boat races. Tho' the broadcasting system extolled the praises of the Truckee Chamber of Commerce, the merchants and operators of Donner Lake, small, pretty Mrs. Tom Bonano (Jerry), Bud Bradshaw and the rest—we'll have to put in our two bits worth and say "ditto" to all the praising. The huge crowd accommodated at Donner Lake for the thrilling afternoon's events makes us add, however, that more activity of the two above mentioned events in our area would do more for summer trade in our beautiful country—than any other promotional scheme could possibly accomplish, for we still hear from a disgruntled vacationer—"What is there to do up here, except fish?" And, incidentally—everyone doesn't fish.

But, speaking of fishing! Recent plants in our area were responsible for the several limits we saw last weekend, were also responsible for a few extra rooms being rented in the lodges, were responsible for happy, contented fishermen, and were responsible for the best trout dinner that we have enjoyed this season—down Kingvale way.

From Sacramento, Millbrae, Berkeley, Truckee and locally—the gals came to fete Betty Aro last Saturday afternoon on the patio of the Beacon Hill swimming pool. Betty and Edvi are about to increase the size of their family—and if blue is for boy—we'll soon have another Aro in our neighborhood who will carry on the good old mountain name of Aro for no future consideration to a girl was recognized at this baby shower. Betty is playing around with the name of "Beau N. Aro" for her

August event. Hostesses Betty Harbour, Jeannie Moriano, Pat Paterson of San Francisco, and Barbara Zorich charmingly greeted their 40 guests while Betty opened her pretty blue packages piled in a upturned blue crepe papered umbrella—amidst the oohs and aahs of the donors. Nice Saturday afternoon iced tea party.

Another party comes to mind: That of "March" Finch of Beacon Hill Lodge and Arthur Couillard—our husband and postmaster—who celebrated their birthday on the same day. "Marsh"—on duty, was duly surprised when Arthur's party moved in on him—cakes, canapes and all—all fixings supplied by Brant Chaplin of the Soda Springs Hotel. Nice party, too!

Sight of the Week: School busses plying back and forth from Truckee bringing children to the Beacon Hill swimming pool for Red Cross swimming instruction. As one bus unloads the bus driver honks the horn for a return trip. One eager little guy—who, perhaps, had stayed in the water a few moments too long and whom the bus driver awaited, didn't have time to get himself fully clothed—which evidently included the belt to his jeans. Shoestrings flying—the last peg we had of him as he climbed on the bus—was a very pink derrier displayed as his jeans slipped to an embarrassing low. However, he made the bus!

Milt Hogle down Rainbow Tavern way decides that a leisure summer isn't his dish. After a tough winter of operating the busy Soda Springs Ski Hill—Milt' reopens the first "trout farm" that we can remember in operation in this area—the Rainbow Trout Farm. The fountain and landscaped pools in this beautiful spot are the playgrounds for the many who are stopping to do a little "sure" fishing and Milt' tells us his "stock" is kept at 1500 of beautiful speckled lurers.

It always sounds a little "funny" to say that a grown up has measles, but it isn't funny to the individual who incurs this infantile affliction later in life. We're awfully sorry, Max Williamson, that you didn't contract the measles when your children had them, and we're

sorry that you feel so badly, too! Amongst the bathers at the Beacon Hill swimming pool this last delightfully warm weekend we noted the Don Lyons of Town and Country Village of Sacramento with their brood of four; the Lou James' family and two; the Jerry and Barbara Jansen family of Lincoln with their two. Madylyn Walton and Starr open up their Soda Springs sub-division cabin and hope daddy Stan can join them each weekend. Madylyn starts to redecorate her mountain retreat—after a big moving job that preceeded her vacation—from Davis to Berkeley, she says.

The Howard Naffzigers of the Cedars colony—start their vacation with houseguests numbering 18. Louise Naffzigers drives in the family car—whilst husband (famous Dr. Howard) rides hard on the horses they bring in to their so unusual mountain retreat. Did I ever tell you about their Cedars home? Octogen shaped—each angle of the octogen has an ell or patio. The "hub" of the Naffziger beehive is cement floored with skins from animals shot all over the world—and by the Naffzigers themselves. In the center of the "hub" is the most unique fireplace we have ever seen. Campfire style in design—it is a sunken affair. For the necessary draft a giant hood suspended by counterweights is lowered after the fire is built. When it is raised—the draft is automatically created—and we have yet to see the campfire in the Naffziger central room empty one stray plume of smoke.

Donner Summit Lodge is the "registration" spot for 300 church folk this coming weekend when the Welfare Division of the Church of Jesus Christ of Latter Day Saints headquarters at this beautiful lodge. An annual event. Most of these will

hail from the Sacramento and San Joaquin Valley. An immaculate "backyard" and barbecue pit gives evidence of a weiner roast and outdoor meeting on Saturday night—followed by a Sunday afternoon barbecue—only as Bill Rutherford can prepare one.

Large crowds at Beacon Hill dining room are proving the success of "different" dining room hours, for Elmo Moriano opens his Sierra room at 4 p.m. and closes its doors at midnight—perfect hours for long summer evenings. A leisurely swim in the swimming pool, cocktails on the patio—a late dinner and a long summer evening is beautifully enjoyed.

Our good mountaineer Maud Howard returns to Soda Springs Hotel after a mid-western vacation. Doris Chaplin of this same establishment—now quickly recuperates from her two serious operations. Her many friends will be happy to know that she is recovering nicely.

A nice active community is Cisco Grove these days. Betty and Tommy Vicencio's little gift shop can hardly be seen for the number of cars that continually surround it; Dot and Bert Bacon' store and service station keep vigil on Highway 40 besides accommodate the many, many summerites that have "opened up" for the season. At Bob and Fran Larsen's Cisco Grove Lodge we saw Bob Zarich, Roy DeMartini and Jim Gould—all of Sacramento; Emma Blackford of San Francisco; Doris and Lloyd Wood and "Wes" Westlake of the Bay area. Incidentally there are a great many more cabins at Cisco than meets the eye—so if you're interested—you'll have to get out of your car and take a walk to find them. Same goes for the Kingvale area, too—think, all in all, that there are a

CARBOZITE

A superior, protective coating with an
armor-like finish developed especially for
homes and commercial properties made of
Asbestos Shingle, Brick, Stucco and Cement!
BEAUTIFIES · PROTECTS · PRESERVES

OUTSTANDING
CARBOZITE
ADVANTAGES

- Contains Wurtzillite
- Lifelong Wear
- Permanent Colors
- Increased Home Value
- Mildew Resistant
- Year 'Round Comfort
- Water Resistant
- Weather-proof
- Penetrates and Bonds

CARBOZITE is a superior coating
specially prepared to resist
deterioration in every form. Heavy
rains, snow and dampness—the
hot searing sun and contrasting
cold wintry days—all of these
have a disastrous effect on homes,
stores and commercial buildings.

APPLIED BY EXPERTS

Skilled workmen speedily apply
CARBOZITE without fuss or bother.
No fumes, no odor or mess—and
to your guaranteed satisfaction.

CARBOZITE, the miracle coating renders
services that nothing obtainable heretofore
was known to perform. When spread over
surfaces of asbestos shingles, brick, stucco
and cement, CARBOZITE leaves a close-
grained coating which is completely por-
ous and weather-proof. CARBOZITE'S beau-
tiful, armor-like finish is achieved by a
unique and exclusive process in which a
natural mineral rubber—known by experts
as WURTZILLITE—is scientifically integrated
with superior pigments and oils to give
CARBOZITE lasting toughness and dura-
bility. CARBOZITE SEALS, PROTECTS AND
RENEW. It penetrates and bonds with ex-
terior walls becoming a permanent part of
them and providing homes with the protec-
tion they need against all the destructive
elements of nature: deteriorating RAIN,
SUN, SNOW, ICE—and from harmful ACIDS
AND ALKALIES WHICH ARE EVERYWHERE!

APPLIED ON ANY SURFACE

Half Of Violations Are Blamed On Speeding

Speeding accounts for almost one-half of all violations committed in fatal collisions. Speed violations include exceeding posted speed limits and violations of the basic speed law as well. The basic speed law is probably the least understood section of the California Vehicle Code, according to Sgt. George W. Haines, commanding officer of the Roseville California Highway Patrol area.

"No person shall drive a vehicle upon a highway at a speed greater than is reasonable and prudent, having due regard for the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property."

"A motorist can be charged with speeding although he is driving within the posted speed limits. You must never drive at a speed faster than road, traffic and weather conditions permit," Sergeant Haines explained.

NAT QUILICI, Owner-Manager

TAHOE FOREST ACTIVITIES

For the past several weeks, this column has enumerated the many essential jobs to be done to prevent fires and to get fully trained and equipped to extinguish the fire that gets started. On June 30 "that one" got started.

Tahoe City Fire
You have no doubt read about the fire at Tahoe City. It started about one-fourth mile east of the resort town, the result of someone's carelessness. It was a nip and tuck battle to confine it to its relatively small area. It had the potential of being a major disaster which would have destroyed untold values in timber, houses and scenery. To contain it to its 50 acres, taxed every ounce of skill and training of Forest Service workers. All expenses of training and equipping the forest firefighters were well repaid by the successful action.

Our prevention efforts failed, however, for the fire was man-caused. It could have been avoided if someone had given the fire danger some real thought.

Once the fire started, it was promptly reported and quick action was taken cooperatively by the Tahoe City Fire District and the Tahoe crew of the Forest Service; but the wind was blowing briskly—estimated at 30 miles per hour. The fire was all but controlled at two or three acres when a heavy gust of wind, usual to the lake area, fanned the flames and started it off on its long run, jumping the highway and heading north.

Hundreds of local citizens and vacationists were put into service. Under the direction of the Truckee Ranger District Fire Control Officer Nelson Stone, with the assistance of trained Forest Service leaders, quickly brought in from various points on the forest, these

workers were equipped and put to work building a fire line. A dozer tractor was placed on the job as were six fire tanker trucks. With good resources mobilized and properly directed, the strategy of control was placed in force. After several hours of real hard work, temporary control was gained. A second dozer tractor, more hard work and favorable wind conditions further secured control. During the night and the day following, mop-up operations were conducted which brought the final extinguishing of all embers.

Preparation for Follow-up
Central Dispatcher Mike Lawlor, in addition to supplying immediate needs, began moving other forces so that they would be immediately available if reinforcements were needed. Men were called back to work from off-duty and isolated crews were moved to closer areas. Trucks were loaded with additional equipment, including a complete camp kitchen. Organized State Division of Forestry crews were placed on standby for immediate call to duty and special weather forecast obtained. No chances were being taken, for the fire had been "lost" once and could well be lost again. Values at stake were very, very high.

Concern of Summer Home Areas
Early in the fire, metropolitan newspapers and radio stations heard of the danger and broadcast the news. Hundreds of summer home owners telephoned the Forest Service offices in San Francisco, Nevada City, Truckee and Lake Tahoe. The state forester at Sacramento was likewise deluged with requests for information. Metropolitan newspapers called regularly, for interest was wide.

This is the general pattern of suppressing wildland fires. This is putting into action all of our training, organization, and "know-how." Once again, it paid off. What could have been a serious disaster—loss of millions in value—was again prevented. Where we failed in prevention, we won on control.

From where I sit... by Joe Marsh

What's New with Cows?

Catching up on my reading, I noticed three news items you might like to know about.

First, a farmer whose milk had a trace of garlic flavor is feeding his cows chlorophyll to sweeten their breaths.

Next, a college agricultural station has trained a herd to get milked when they are called by number. Seems 75 out of 80 cows learned their numbers in a few days. Guess the "dumb" five couldn't count that high. Final item—cows are getting "nose-printed" for identification.

From where I sit, I hope there is as much progress being made with humans... especially in regard to tolerance. Whether it's a choice of a political party, a basketball team, or a favorite beverage, let's learn to live and let live more. You may ask for a soft drink after a hard day's work—I'll choose a refreshing glass of beer. But let's not try to "cow" the other fellow into our way of thinking!

Retired Workers Receive \$55,480 Monthly From Survivors Insurance

Retired workers and their dependents and survivors of deceased workers in Nevada County were getting \$55,480 in old-age and survivors insurance monthly at the end of December, 1953, William Royle, manager of the Reno, Nev., social security office, reported today.

Beneficiaries of all groups on the rolls in December totaled 1284, he said.

In making this announcement, Royle released newly available figures showing the number of persons in the several beneficiary groups in the county and the total in benefits being paid. In December 1953, 755 retired workers received a total of \$38,033; 208 aged wives and husbands got \$5,561; a total of \$6478 went to 1991 children, including a few children of retired aged workers; 88 widows and widowers received \$3633; 36 mothers with minor children in their care were receiving a total of \$1511 monthly; and \$264 in survivors payment went to six dependent aged parents on the beneficiary rolls.

Retired insured workers continued to be the largest group of beneficiaries. These are persons age 65 or over who qualified for monthly payments through employment covered by the social security law.

COUNTY SCHOOL BENEFIT FROM FUNDS

SACRAMENTO (CNS) — The State of California apportioned \$626,521 to Nevada County school districts during the 1953-54 fiscal year, Roy E. Simpson, state superintendent of public instruction, announced today.

Simpson said the districts received a principal apportionment of \$579,269 in November, 1953, to provide for school operations, and special services of the county superintendent of schools.

Districts of the county received additional apportionments of \$13,374 in February and \$8744 in June to take care of increases in school attendance.

A special apportionment of \$24,278 was made in December to reimburse the districts for pupil transportation, excess costs of educating physically and mentally handicapped pupils, and driving instruction.

Apportionments to all school districts of the state amounted to \$367,073,437, Simpson said. This was \$86 million over the total distributed to schools the previous fiscal year.

Merced County had 4284 farms in 1950, according to the census of agriculture of that year.

A Brazilian ant known as "The Terrible Ant" is said to produce a serious fever by its sting.

Thrills Mark Annual Outdoor Races At Donner Lake Sunday

More than 60 of the fastest outboard motor boats in the Northern California Outboard Association competed in the events held Sunday at Donner Lake under the sponsorship of the Truckee Chamber of Commerce and hundreds of spectators lined the shore to witness the thrills.

Orval Vaughan, the chamber's publicity and advertising director, said that nearly 300 participated in the barbecue.

The affair was arranged and handled by the chamber officials and Bud Bradshaw, manager of Donner Lake Lodge and the largest contributor to the financial part of the program. The affair did not cost the chamber any money.

Other financial contributors included Donner Trading Post, Rex Reid, William Englehart, Dr. Oliver Scow, Armstrong Realty, William Curran, Dick Hoskins, Tourist Club, Jacobs Distributing, El Dorado County Distributing, Chism Ice Cream, Slaters Motel, and Donlax Lodge.

Retired Navy Officer Expires In Truckee

Clyde S. Phillips, 55, a retired naval officer died here Saturday afternoon while he and his wife were motoring through Truckee. Phillips complained of feeling ill and stopped for treatment but before he could be treated he succumbed to a heart attack. The Truckee Colonial Mortuary took charge of the body which was shipped to San Leandro.

Has Birthday—
Mrs. Angelo Besio observed her birth date on Saturday, July 10.

July Birthdate—
Mrs. Harry Stout celebrated her natal date on July 9.

Birthday Celebrated—
Lailani, daughter of Mr. and Mrs. Lester Braasch was the incentive for a birthday celebration on July 9.

Oliver At Bay—
G. D. Oliver, formerly of Hobart Mills who has been visiting at Carson City has returned to Berkeley.

SUMMIT SCENES

(Continued from Page 6)
good 90 families residing therein which include our good Kingvale Belles in their Flood building, Helen Sully Best, the Ray Dunshies of Sacramento, the Duncan Gillies of Redwood City—a host of ranch folk from Marysville and Yuba City, various portions of the Hack family from Sacramento in their inimitable Hackshack, the Strains and Nagles of Roseville—and we could go on and on. Incidentally, the good round figure of 90—is duplicated in the Cedars and North Fork Association country, too.—Yep—90 homes accommodated with their own supply station and grill which is maintained by the Swofford Commissary of San Francisco.

Helen and Helmar Bergman of Watsonville—pass by our door on their way to visit good friends Tony and Eve Donadio at Tahoe City.

For the first time in 12 years of mountaineering—we take off for the summer to relax, fish, and pound out a few pages on our typewriter. We'll be residing at Kingvale—without benefit of telephone. We tell you this in case you're wondering where we are. The latch string is out and if you're in the mood to relax—come and sit with us.

CARD OF THANKS
We wish to thank the Truckee Volunteer Fire Department, the U. S. Forest Service and all other friends who volunteered during the fire at our home on July 13.

Mr. and Mrs. J. E. Harris

CARD OF THANKS
I am most grateful for the many lovely cards and flowers sent during my illness and take this means to thank my friends and neighbors.

ART SHOW WILL BE HELD AT LAKE

Art Maist'in, president of the Nevada Artists Association announced that a large, free art exhibit will be held in the Circus Room of State-line, Lake Tahoe on July 16, 17 and 18. During that time the work may be viewed at any time, the room being open for 24 hours a day.

An artist's ball will be held at the same place on Sunday, July 18, beginning at 10 p.m., the event is free and everyone is welcome, in costume or conventional dress.

Flemings To Live Here—
Mr. and Mrs. Ernest Fleming and son Ernest, accompanied by Mrs. W. Yasuhira of Hawaii visited Mr. and Mrs. O. J. Rablin last week. Fleming is well known here where he attended school. The family has spent the last 18 months in Los Angeles and expect to make their home in this region.

Recuperating—
Mrs. Martin Johnson left for a visit with relatives in Sacramento on Monday while recuperating from an operation performed at Reno.

Grahams At Silver Creek—
The G. E. Grahams of Berkeley are enjoying their stay at their Silver Creek home.

NEW CAPTAIN ASSIGNED TO PATROL IN THIS AREA

The California Highway Patrol today announced assignment of Capt. Richard B. Langner as commanding officer of the Placer area with headquarters in Roseville, Placer County.

He will succeed Capt. George Peterkin, retired.

Langner, on two weeks military leave, will report on August 2.

The new area chief joined the patrol February 1, 1941, in Monterey.

BOY SCOUTS ON ANNUAL CAMP TRIP

Members of Troop No. 7, Boy Scouts of America of Truckee with Advisor John Street are taking part in the 30th season of camping being held from July 11-18 at Camp Pahatsi, near Soda Springs.

Approximately 75 boys have enrolled in the Tahoe Area Council and their activities and awards will take in many hobbies and requirements.

Card Club Met—
Mrs. Omar Alexander entertained members of her card club group on Thursday evening.

OPERATION
TAHOE CITY—Mrs. Martin Spitzen of Tahoe City was rushed to Tahoe Forest Hospital, in Truckee, for an emergency operation on Sunday night at 9 p.m. She is reported progressing nicely.

ENTERTAIN
TAHOE CITY—Mr. and Mrs. James D. Baker of Fairway Drive on Monday evening entertained at dinner Mr. and Mrs. Rex Tollefson and Mr. and Mrs. Terry Tollefson of Truckee.

At Summer School—
Miss Thelma Finger is attending summer school at San Francisco, planning to return before school resumes in September.

Campbells Are Here—
The David Campbell home here is occupied, the family arriving from Sacramento for the summer.

Burner Fined

Antone Borrego of Mountain View was fined \$50 by Judge Fosten Wilson Tuesday for burning without a permit in the Donner Lake area. The defendant was placed on two years probation and \$30 of the fine suspended.

LAKE LEVEL

TAHOE CITY—With two gates open, the level of Lake Tahoe Monday was 6228.46 feet. Temperatures there ranged from a warm 80 degrees Sunday to a cool 42 that same morning.

Rings From Auburn—

Mr. and Mrs. Al Ring and daughter, Yvonne of Auburn were guests of her father, Richard Joseph, during the weekend.

YOUR UTILITY BILL AND YOUR FIRE INSURANCE RATE

Your District is constantly planning, expanding and improving its services to you.

At present, your District is cooperating with the Board of Pacific Underwriters in adding to your water system an additional 100,000 gallon reservoir in the Meadow Lake Area to improve the pressure and quantity of water for fire fighting purposes throughout the recently annexed portion of the Truckee Fire District.

At a cost of over \$15,000.00, some 3300 ft. of 10-in. to 6-in. pipe, in addition to the new reservoir, is being laid and connected and cross connected to the presently installed lines of the District.

It is your money and your District is expanding it for your benefit.

SIERRA SUN COMIC "IT SHINES FOR ALL"

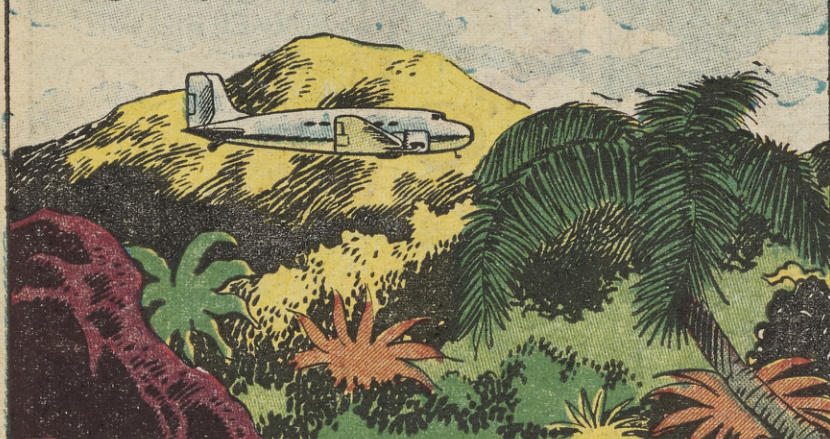

Tarzan

by EDGAR RICE BURROUGHS

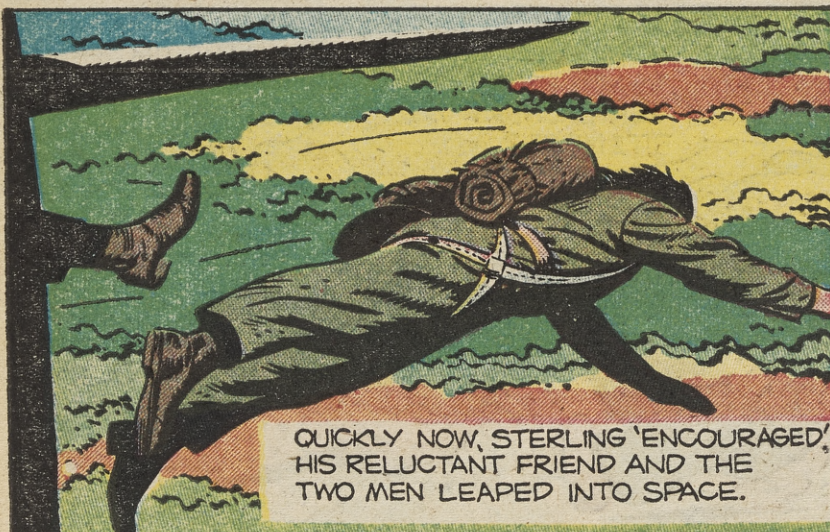

A PRIVATE PLANE FLEW OVER THE CONGO. THE PASSENGERS, STERLING SHEA AND GEORGIE FEARONS, HAD WAGERED THAT THEY COULD REMAIN IN THE JUNGLE, UNASSISTED, FOR A SPECIFIC LENGTH OF TIME.

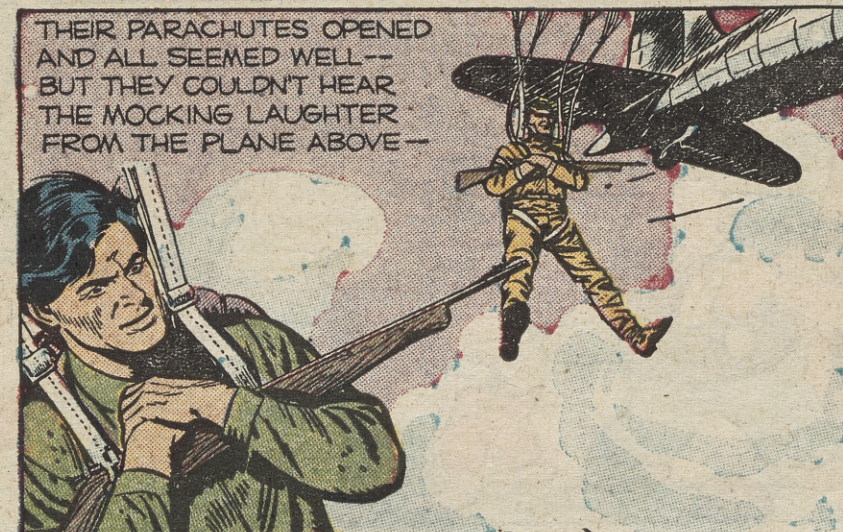

BERNARD SHEA LOOKED AWAY FROM THE CONTROLS. "WE'RE HERE, BOYS. BAIL OUT ANYTIME-IF YOU HAVEN'T CHANGED YOUR MINDS--"

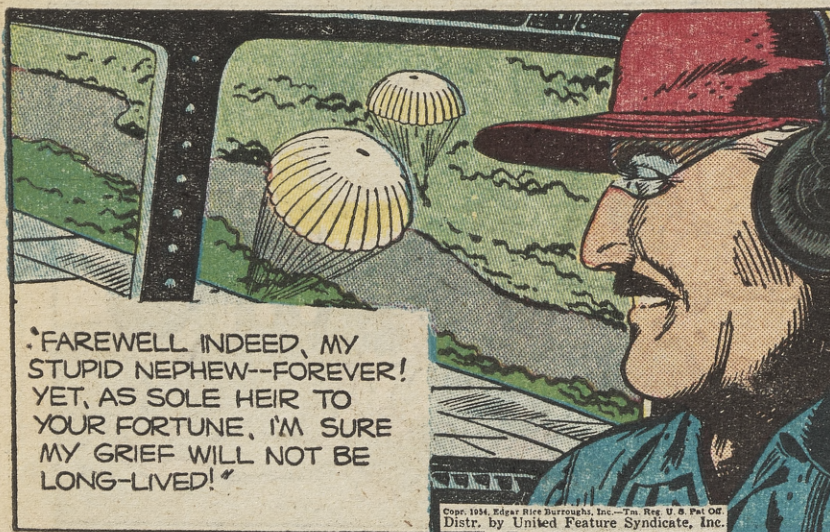

"AH-PERHAPS WE SHOULD RECONSIDER--" STAMMERED GEORGIE. "NONSENSE!" RETORTED STERLING. "FARE- WELL, UNCLE--SEE YOU IN A MONTH--"

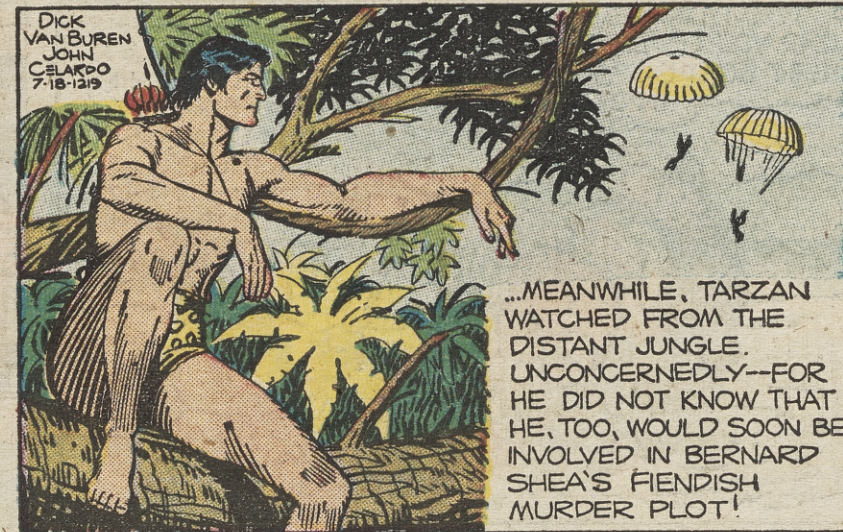

QUICKLY NOW, STERLING 'ENCOURAGED' HIS RELUCTANT FRIEND AND THE TWO MEN LEAPED INTO SPACE.

THEIR PARACHUTES OPENED AND ALL SEEMED WELL-- BUT THEY COULDN'T HEAR THE MOCKING LAUGHTER FROM THE PLANE ABOVE--

"FAREWELL INDEED, MY STUPID NEPHEW--FOREVER! YET, AS SOLE HEIR TO YOUR FORTUNE, I'M SURE MY GRIEF WILL NOT BE LONG-LIVED!"

...MEANWHILE, TARZAN WATCHED FROM THE DISTANT JUNGLE, UNCONCERNEDLY--FOR HE DID NOT KNOW THAT HE, TOO, WOULD SOON BE INVOLVED IN BERNARD SHEA'S FIENDISH MURDER PLOT!

* WHEN BATHLESS GROGGINS CAME INTO POSSESSION OF A TYPEWRITER WITH UNUSUAL QUALITIES, HE WAS TRANSFORMED FROM A SEMI-ILLITERATE INTO THE LION OF THE PUBLISHING WORLD...UNTIL -

BOOK
DISCOVERY
CLUB

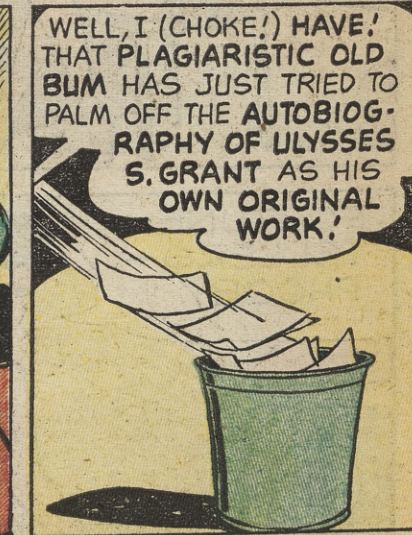

SO THIS IS THE MOST RECENT MASTERPIECE OFF YOUR FATHER'S TYPEWRITER, EH, MISS GROGGINS?

HE STAYED UP ALL NIGHT TYPING IT, MR. MARTIN. WHY?

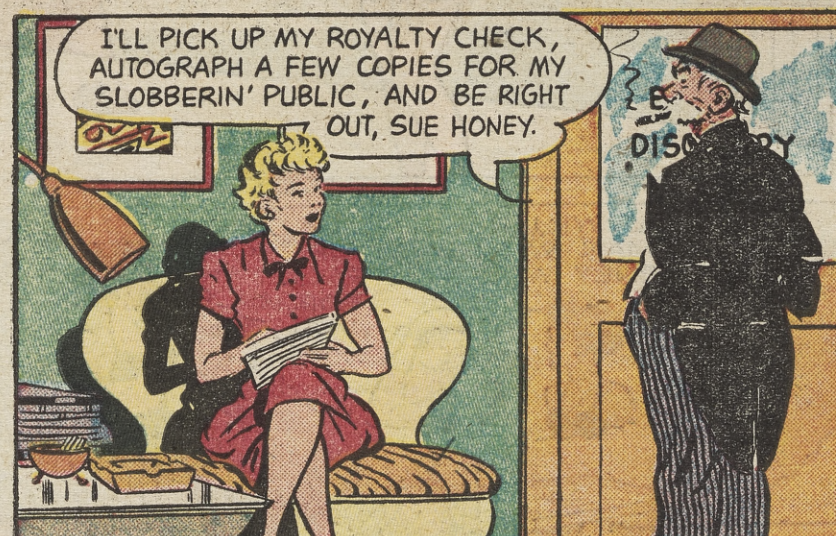

ALL NIGHT, DID HE? AND HAVE YOU, MISS GROGGINS, ANY NOTION OF THE CONTENTS OF THIS LATEST MANUSCRIPT BY YOUR ILLUSTRIOUS FATHER?

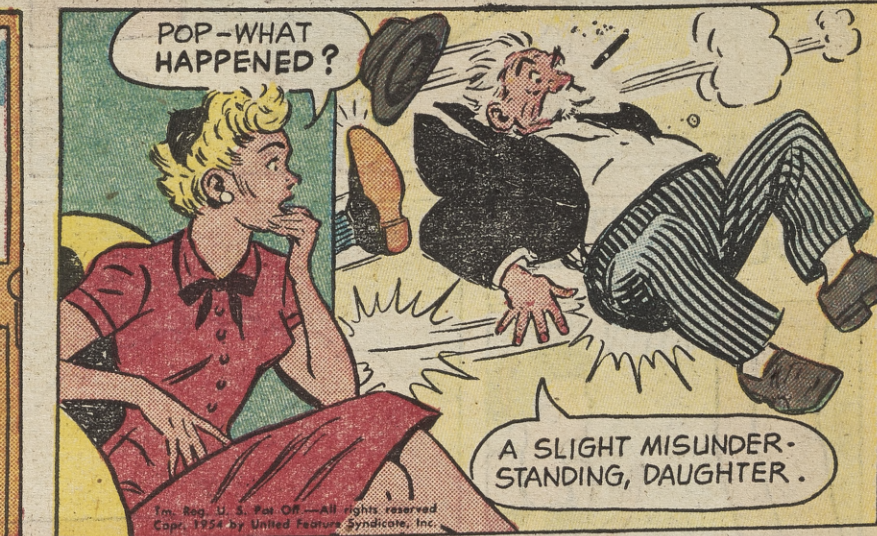

N-NO, SIR

WELL, I (CHOKES) HAVE! THAT PLAGIARISTIC OLD BUM HAS JUST TRIED TO PALM OFF THE AUTOBIOGRAPHY OF ULYSSES S. GRANT AS HIS OWN ORIGINAL WORK!

I'LL PICK UP MY ROYALTY CHECK, AUTOGRAPH A FEW COPIES FOR MY SLOBBERIN' PUBLIC, AND BE RIGHT OUT, SUE HONEY.

POP-WHAT HAPPENED?

A SLIGHT MISUNDERSTANDING, DAUGHTER.

SEEMS THE SECOND BOOK I WRITES BEARS A SLIGHT RESEMBLANCE TO THE AUTOBIOGRAPHY O' A FORMER PRESIDENT...

AND THE FIRST ONE YOU WROTE?

THAT ONE, HONEY, SEEMS WAS WRITTEN SOME TIME BEFORE BY A NOSY DAME NAMED O' ALCOTT

YOU MEAN THE FIRST BOOK YOU WROTE WAS (GASP) 'LITTLE WOMEN'?

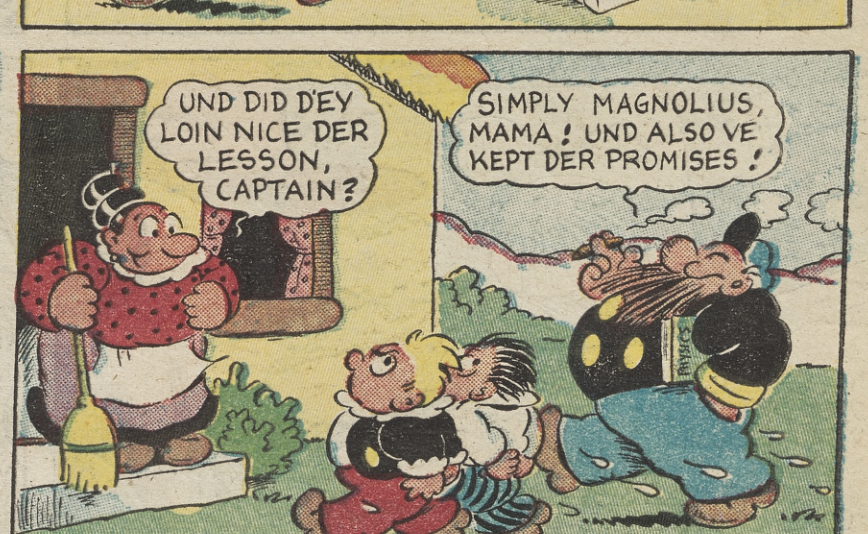

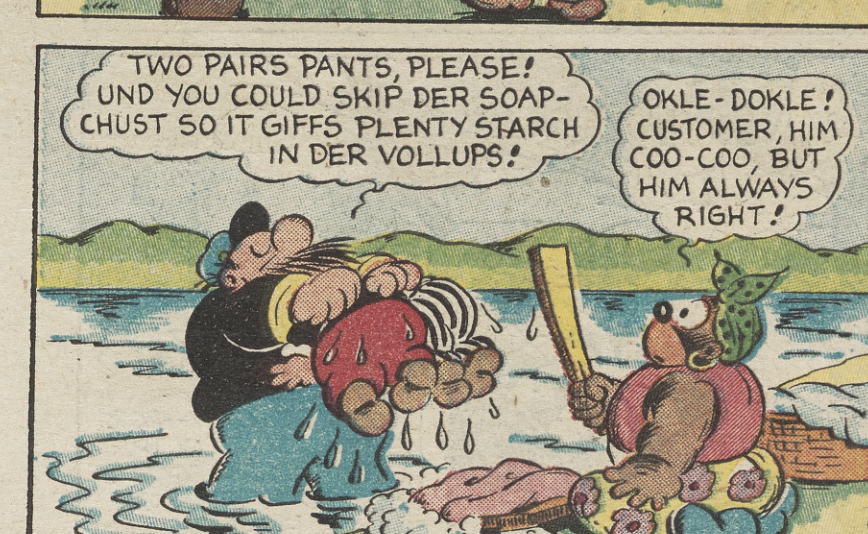

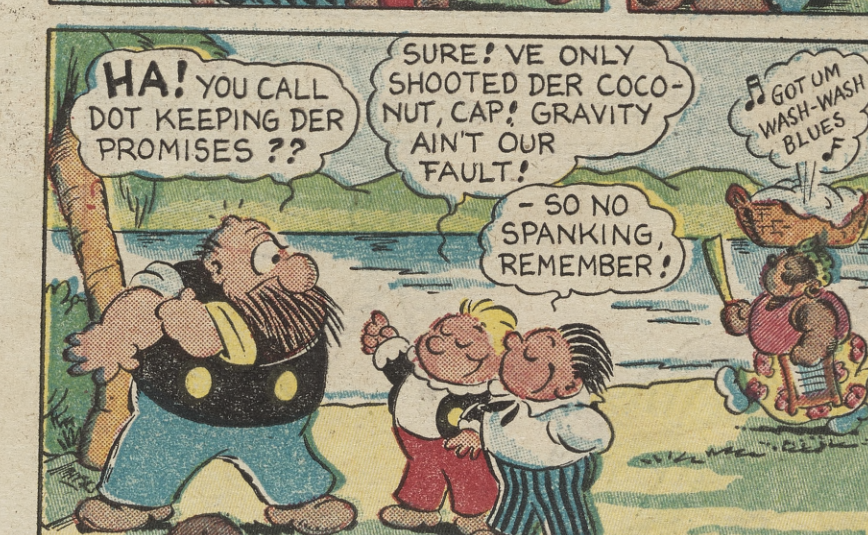

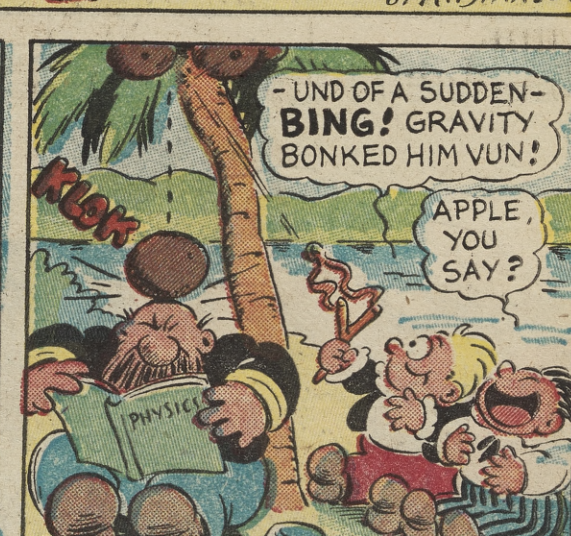

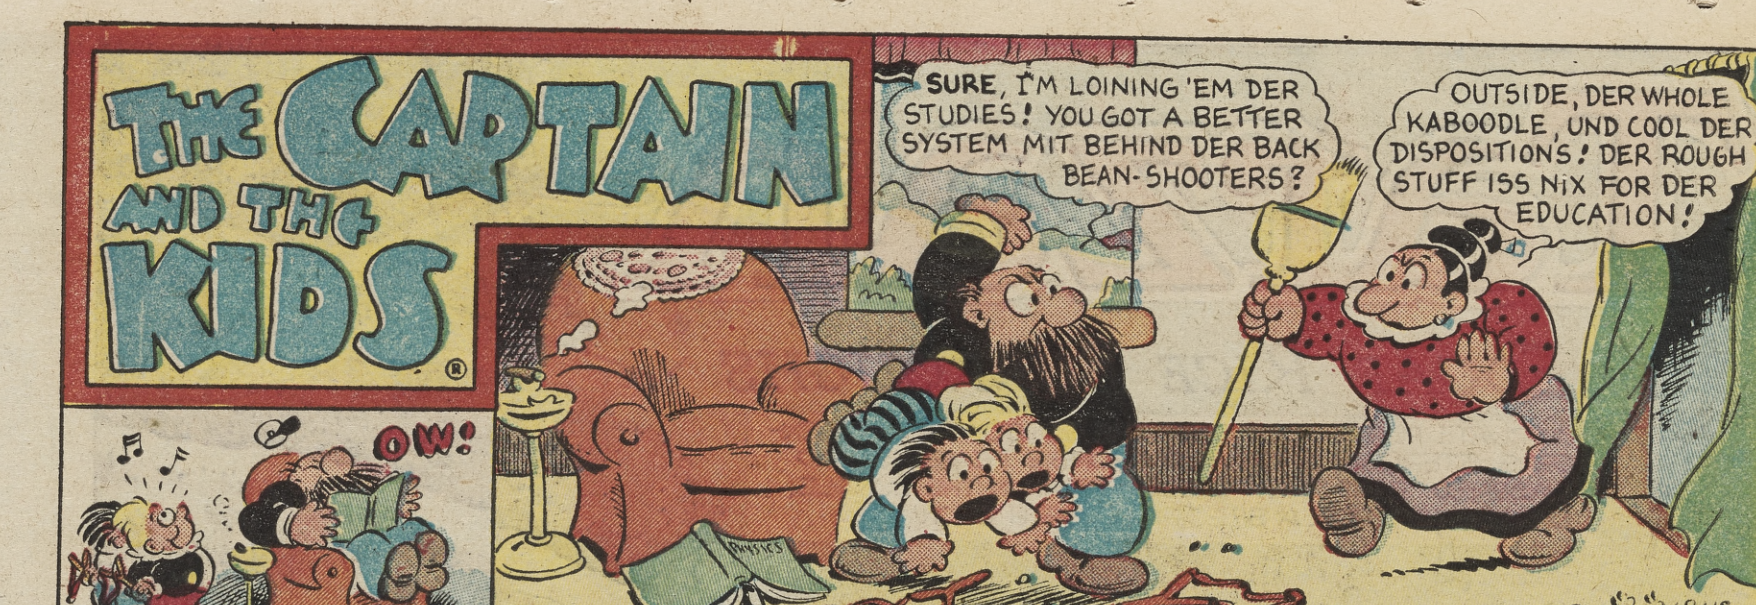

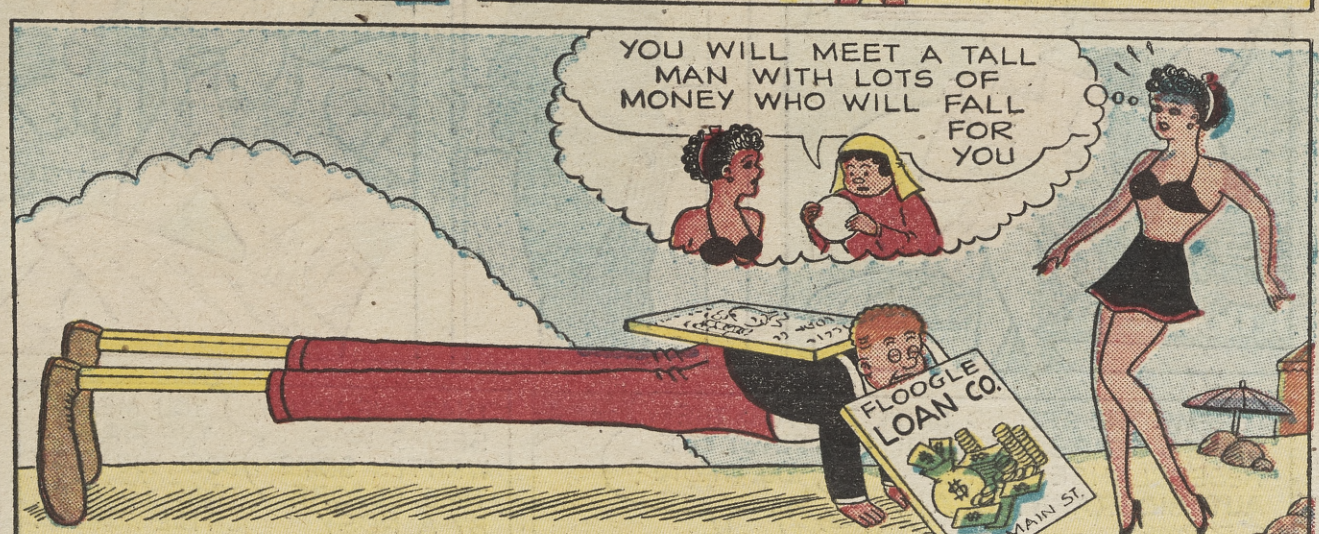

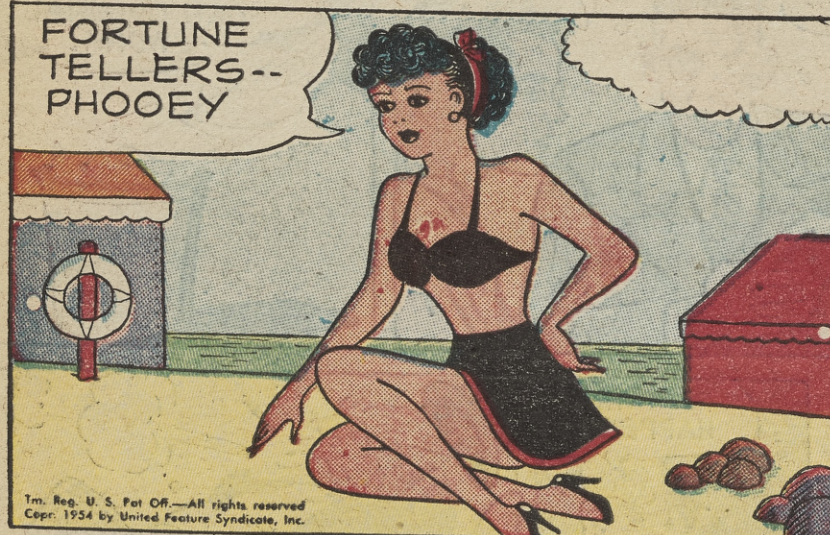

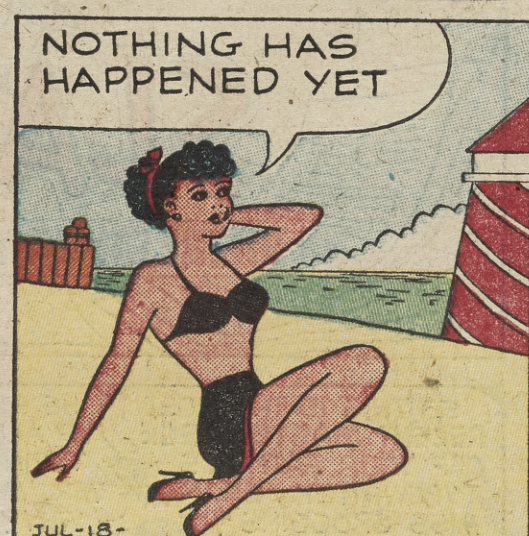

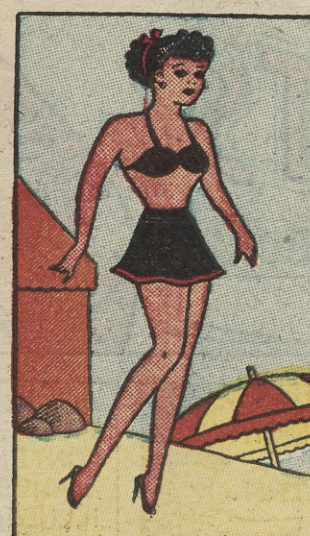

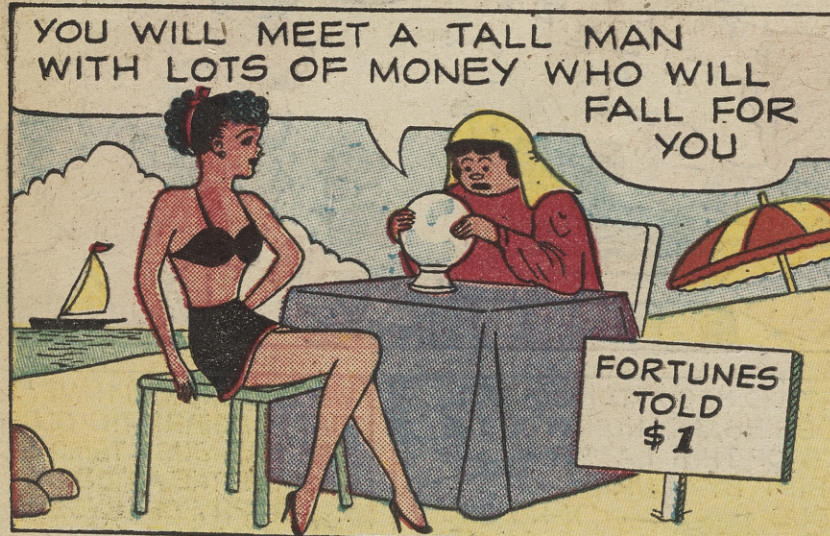

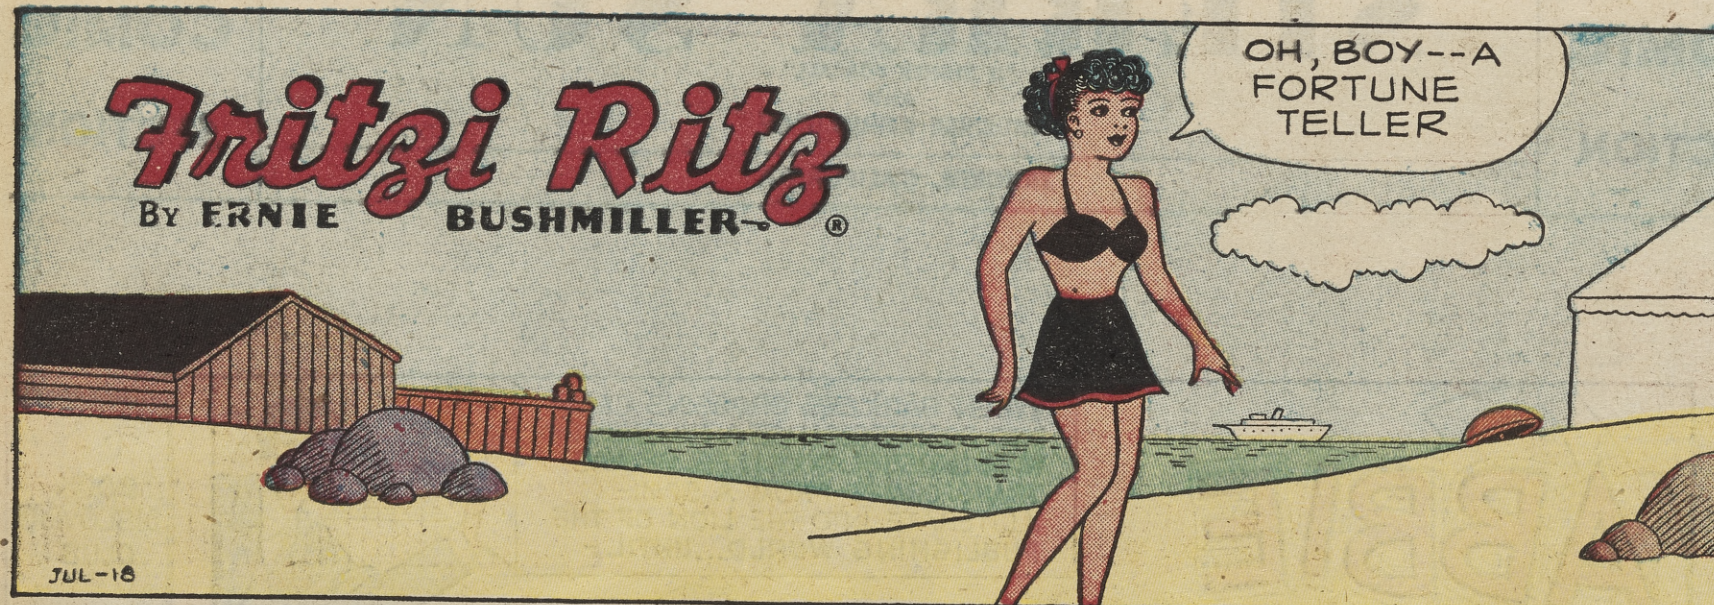

THAT'S RIGHT, SUE. LET'S GO HOME NOW, POP!

by BOB MONTANA

IT'S A NEW GOLF CLUB! JUST ONE HANDLE AND FIVE DIFFERENT HEADS!

IT'LL IMPROVE MY GAME! "CLICK-CLICK," AND I CHANGE HEADS!

THAT MIGHT IMPROVE A LOT OF THINGS YOU DO!

WHAT DO YOU MEAN?

IF YOU COULD CHANGE YOUR HEAD!

YOU MEAN ALL YOU HAVE TO CARRY IS ONE CLUB AND FIVE ATTACHABLE HEADS?? HEY! I'LL CADDY FOR YOU!

I KNEW YOU'D BE INTERESTED NOW!

FOR THIS SHOT...GIVE ME NUMBER TWO!

GEE WHIZ! I HAD IT HERE A MINUTE AGO!

WHERE'S ONE AND FOUR?

OVER THERE ON THE EDGE OF THE... OOPS!

CLANK CLANK

LATER

NOW, POP! DON'T LOSE YOUR HEAD!

YOU LOST MY HEAD! YOU'VE LOST FOUR OF THEM!!

HERE, PUT IT ON THERE!

YES, SIR!

"GULP" THAT WAS THE LAST HEAD!

THAT'S WHAT YOU THINK!

THERE'S STILL ONE HEAD LEFT!

POP!

PETROLEUM-OIL-BASE INSECTICIDES HAVE BEEN SUCCESSFULLY USED SINCE 1910!

ANCIENT EGYPTIAN BEEKEEPERS TOOK THEIR BEES FOR BOATRIDES ON THE NILE... WHENEVER THEY CAME TO A FLOWERY MEADOW THEY STOPPED TO ALLOW THE BEES TO COLLECT HONEY...

CURLY KAYOE

by SAM LEFF

DID DYNAMITE DUNN GET UP AFTER THAT 3RD ROUND KNOCKDOWN, MR. JINKS?

YEP! HE WAS UP AT THE COUNT OF 8!! BUT YOU NEVER SAW A GROGGIER CHAMPION!

THIS CHAPTER ABOUT CURLY'S FIGHT WITH DYNAMITE DUNN WILL BE A HIGH SPOT IN MY BOOK ABOUT YOU, MR. JINKS!

WELL-AS I WAS SAYING, MR. SANDBAG... DYNAMITE GOT UP AND IT STARTED AGAIN!

"CURLY LOOKED MORE LIKE A FIGHTING MACHINE THAN A HUMAN BEING AS HE DROVE RAPID-FIRE, PISTON-LIKE LEFTS AND RIGHTS TO DUNN'S PAIN-RACKED BODY..."

DYNAMITE WENT DOWN AGAIN—BUT THIS TIME HE WAS SAVED BY THE BELL!

"EVERYONE THOUGHT THE KNOCK-OUT WOULD BE JUST A FORMALITY WHEN DUNN STAGGERED OUT FOR THE 4TH ROUND..."

"BUT DYNAMITE RALLIED AND WENT ON A RAMPAGE, THROWING LEFTS AND RIGHTS TO CURLY'S JAW... THE CROWD WENT CRAZY WITH EXCITEMENT"

GOSH, MR. JINKS—THE SUSPENSE IS KILLING ME! TELL ME MORE QUICK!!

"WELL-DYNAMITE WAS LIKE A WILD ANIMAL! HE DROVE CURLY OVER TO THE ROPES!"

"DYNAMITE KEPT UP HIS ATTACK. NO ONE COULD STAND UP UNDER SUCH A BARRAGE AND CURLY WAS BEGINNING TO BUCKLE!!"
